

ARIZONA STATE UNIVERSITY
COMMENCEMENT
AND
CONVOCATION
PROGRAM

Spring 2017

May 8–12, 2017

**THE NATIONAL ANTHEM
THE STAR SPANGLED BANNER**

O say can you see, by the dawn's early light,
What so proudly we hailed at the twilight's last gleaming?
Whose broad stripes and bright stars through the perilous fight
O'er the ramparts we watched, were so gallantly streaming?
And the rockets' red glare, the bombs bursting in air
Gave proof through the night that our flag was still there.
O say does that Star-Spangled Banner yet wave
O'er the land of the free and the home of the brave?

**ALMA MATER
ARIZONA STATE UNIVERSITY**

Where the bold saguaros
Raise their arms on high,
Praying strength for brave tomorrows
From the western sky;
Where eternal mountains
Kneel at sunset's gate,
Here we hail thee, Alma Mater,
Arizona State.
—Hopkins-Dresskell

MAROON AND GOLD

Fight, Devils down the field
Fight with your might and don't ever yield
Long may our colors outshine all others
Echo from the buttes, Give em' hell Devils!
Cheer, cheer for A-S-U!
Fight for the old Maroon
For it's Hail! Hail! The gang's all here
And it's onward to victory!

Students whose names appear in this program
have completed degree requirements.

MISSION STATEMENT

UNIVERSITY COMMENCEMENT

University Commencement represents the culmination of a student's academic achievement.

It is a time of celebration and reflection for students, families, friends, faculty and staff.

It brings together a diverse community to share in the joy of accomplished goals.

Arizona State University continually demonstrates its dedication to efficiency, technology and sustainability. The full University Commencement program is made available to graduates on a reusable external flash drive. This change aligns with our growing institutional efforts to enhance sustainability practices, and our broader endeavors to employ technology in heightened service to our students.

The reusable external flash drive, combined with the abridged program distributed at spring ceremonies, will yield a 16.2 million page reduction in the amount of printed materials distributed at ceremonies over the week of graduation activities.

To order copies of the final book with all graduates names listed, email your request to ASUCommencement@rrd.com and someone will respond with payment instructions and order details.

**MESSAGE FROM THE
ARIZONA BOARD OF REGENTS**

Dear Graduates,

On behalf of the Arizona Board of Regents, congratulations on a remarkable achievement: your college graduation. This accomplishment is a testament to your tenacity and determination, both traits that will continue to serve you throughout the rest of your journey, whether it be continuing education or embarking on your career.

Your graduation is a significant personal triumph that will benefit your family, community and future employers. Your graduation is also a victory for the great state of Arizona. For those graduates joining Arizona's highly-educated workforce, you play an integral role in helping to fulfill our needs for innovation and economic development.

The Arizona Board of Regents is honored that you chose to pursue your degree at Arizona State University. We hope that you treasure your time at this great institution and continue to develop the skills you have learned as you move forward toward your future goals. We will continue to take great pride in your achievements — today's and beyond.

Please keep your love for your alma mater alive, wherever the future may take you. The accomplishment we celebrate today and all of your accomplishments yet to come will be forever woven into the legacy of Arizona State University.

Finally, to the families and friends who are participating in this celebration: Congratulations to you as well! We share in your pride and we thank you for the support you provided during your graduate's educational journey.

Sincerely,

Eileen I. Klein
President

Greg Patterson
Chair

GRADUATE COMMENCEMENT PROGRAM

Monday, May 8, 9:30 a.m.

PRELUDE

Music performed by ASU Wind Orchestra
Gary W. Hill, Conductor
Professor of Music/Director of Bands
School of Music Herberger Institute for Design and the Arts

PROCESSIONAL

Grand Marshal
Kathleen Puckett, PhD
Associate Professor, Mary Lou Fulton Teachers College
President, University Senate
Chair, University Academic Council
Arizona State University

PROCESSIONAL MUSIC

“Pomp and Circumstance” — Sir Edward Elgar

THE NATIONAL ANTHEM

“The Star Spangled Banner” — Francis Scott Key
Arranged by Henry Fillmore
Ryan Downey, D.M.A., Vocal Performance

GREETINGS

Michael M. Crow, PhD
President of the University
Welcome from Arizona Board of Regents

CONFERRING OF DEGREES

Michael M. Crow, PhD

THE ALMA MATER

Ryan Downey, D.M.A., Vocal Performance

RECESSIONAL

ASU Wind Orchestra
Gary W. Hill, Conductor

UNDERGRADUATE COMMENCEMENT PROGRAM

Monday, May 8, 7:30 p.m.

PRELUDE

“Renaissance Dances” — Tylman Susato

PROCESSIONAL

Grand Marshal

Kathleen Puckett, PhD

Associate Professor, Mary Lou Fulton Teachers College

President, University Senate

Chair, University Academic Council

Arizona State University

PROCESSIONAL MUSIC

“Pomp and Circumstance” — Sir Edward Elgar

Music performed by Sonoran Brass Choir

THE NATIONAL ANTHEM

“The Star Spangled Banner” — Francis Scott Key

Arranged by Henry Fillmore

Julia Swan Laird, BM, Vocal Performance

GREETINGS

Michael M. Crow, PhD

President of the University

Welcome from Arizona Board of Regents

CONFERRING OF DEGREES

Michael M. Crow, PhD

WELCOME FROM THE ALUMNI ASSOCIATION

Brian W. LaCorte, JD

Chair of the Alumni Association Board of Directors

THE ALMA MATER

Julia Swan Laird, BM, Vocal Performance

RECESSIONAL

Music performed by Sonoran Brass Choir

HISTORY OF HONORARY DEGREES

Harvard was the first university to confer honorary degrees in 1692. Since then it has become a recognized function of degree granting institutions. Honorary degrees are an opportunity for universities to single out people who have made contributions to society. At ASU, honorary degree recipients are nominated by faculty members. The six-member Academic Affairs Honorary Degrees Committee reviews faculty nominations for the Honorary Degree. It then recommends candidates to the president. The committee is appointed by and responsible to the president.

HONORARY DEGREE CITATION

HOWARD SCHULTZ

Recognized for his entrepreneurship and servant leadership, Howard Schultz built Starbucks Coffee Company into one of the world's most recognized and respected businesses, a company committed to strengthening communities through human connection and social innovation.

Schultz grew up in public housing and was the first in his family to graduate college. As a young entrepreneur, he set out to build a different kind of company, one that delivers business excellence through a culture of compassion. Under his leadership, Starbucks has delivered approximately 18,000 percent in shareholder returns since its Initial Public Offering in 1992, while pioneering programs like comprehensive healthcare, stock ownership and free college tuition for all employees. Today, Starbucks has 26,000 stores in 75 countries and ranks third on Fortune's list of "World's Most Admired Companies."

Schultz's groundbreaking initiatives through Starbucks and the Schultz Family Foundation have extended employment and educational opportunities to hundreds of thousands of partners (Starbucks employees) and people outside the company. In 2014, Schultz developed the Starbucks College Achievement Plan (SCAP) in alliance with ASU President Michael Crow, enabling its partners to pursue their college education tuition-free through ASU Online. To date, more than 6,800 Starbucks partners are participating in the program and nearly 1,000 are expected to graduate from ASU by the end of 2017. The company has set a goal of 25,000 graduates by 2025.

Starbucks has also committed to supporting and hiring 25,000 veterans and military spouses by 2025, and engaging and hiring Opportunity Youth (America's 16- to 24-year-olds who are unemployed and not in school). Additionally, the company recently pledged to hire 10,000 refugees globally over the next five years.

After more than three decades as Starbucks chairman and ceo, Schultz has redefined the role and responsibility of a for-profit, public company, proving that a business can exceed expectations by sharing success with its people and the communities it serves.

Arizona State University is honored to confer upon Howard Schultz the degree of Doctor of Humane Letters, honoris causa, in recognition of his leadership of a profitable, sustainable global business that demonstrates personal and corporate responsibility, shares its success, and supports social equality and civil discourse with creativity and courage.

Schultz's Starbucks journey began in 1981 when he walked into the first Starbucks store in Seattle's Pike Place Market and discovered a local business that was passionate about roasting the highest quality coffee. He moved from his native

New York and joined Starbucks in 1982 as director of operations and marketing. At the time, there were only four Starbucks stores.

One year later, on a business trip to Italy, Schultz was captivated by the romance of the Italian coffee bar. He returned to Seattle with a vision of bringing the Italian coffeehouse tradition to the United States, creating a unique place for human connection and a sense of community. After leaving Starbucks for a short time to start his own Il Giornale coffeehouses, he purchased Starbucks six stores and roasting facilities in 1987 with the help of local investors, beginning a global expansion that would change how the world consumed coffee.

Chairman since 2000, Schultz resumed the role of president and chief executive officer in January 2008, with a renewed focus on Starbucks coffee heritage, innovation and enhanced customer experience. On April 3, 2017, Howard transitioned from ceo to executive chairman, shifting his full-time focus to social impact initiatives as well as innovation and global development of Starbucks Reserve® Roasteries and Starbucks Reserve® retail store formats.

Today as always, Schultz remains true to Starbucks mission to inspire and nurture the human spirit one person, one cup and one neighborhood at a time.

Along with his wife Sheri, Schultz is co-founder of the Schultz Family Foundation. He is also the best-selling author of "For Love of Country: What Our Veterans Can Teach Us About Citizenship, Heroism, and Sacrifice" (2014), "Onward: How Starbucks Fought for Its Life without Losing Its Soul" (2011), and "Pour Your Heart Into It" (1997).

Schultz holds a Bachelor of Arts degree from Northern Michigan University. Before joining Starbucks he worked three years in sales and marketing with Xerox Corporation and served as vice president and general manager of Hammarplast U.S.A. He is co-founder of Maveron LLC, a venture capital group.

Arizona State University is honored to confer upon Howard Schultz the degree of Doctor of Humane Letters, honoris causa, in recognition of his success and leadership in a profitable, sustainable business that demonstrates personal and corporate responsibility, shares its success with its partners and communities, inspires and nurtures the human spirit, and that actively supports education and civil discourse.

CONFERRING OF DOCTORAL DEGREES

PRESIDENT MICHAEL M. CROW

ALFREDO J. ARTILES

Dissertation: Approaches to Engineering Synechocystis for Biofuel Production with Emphasis on Electron Transport Modifications
 Chair: Willem F. J. Vermaas: School of Life Sciences
- Gustavo Adolfo Lujan Moreno *Industrial Engineering*
Dissertation: Analytical Methods for High Dimensional Physiological Sensors
 Co-Chairs: George Runger: School of Computing, Informatics, and Decision Systems Engineering,
 Robert Kenneth Atkinson: School of Computing, Informatics, and Decision Systems Engineering
- Kristin Lynn Nado *Anthropology*
Dissertation: Dietary Practices, Socioeconomic Status, and Social Mobility at Teotihuacan, Mexico
 Chair: Jane Ellen Buikstra: School of Human Evolution and Social Change
- Ali Nazari *Electrical Engineering*
Dissertation: High-Speed Low-Power Analog to Digital Converter For Digital Beam Forming Systems
 Chair: Hugh James Barnaby: School of Electrical, Computer and Energy Engineering
- Zhi Nie *Computer Science*
Machine Learning Methods for Diagnosis, Prognosis and Prediction of Long-term Treatment Outcome of Major Depression
 Co-Chairs: Jieping Ye: School of Computing, Informatics, and Decision Systems Engineering,
 Jingrui He: School of Computing, Informatics, and Decision Systems Engineering
- Ernest Nkansah-Dwamena *Biology (Biology and Society)*
Dissertation: Multi-Scale Analysis of the Opportunities and Threats of Large-Scale Land Acquisitions (LaSLA) to the Sustainable Development of Sub-Saharan Africa (with a focus on Tanzania)
 Chair: Ann Kinzig: School of Life Sciences
- Lidia Elena Nuño *Justice Studies*
Dissertation: Hispanics' and Undocumented Immigrants' Perceptions of Procedural Justice, Legitimacy, and Willingness to Cooperate with the Police: An Assessment of the Process-Based Model of Policing
 Co-Chairs: Charles Katz: School of Criminology and Criminal Justice, Vera A. Lopez: School of Social Transformation
- Barry Patrick O'Brien *Materials Science and Engineering*
Dissertation: New Materials and Device Designs for Organic Light-Emitting Diodes
 Chair: Jian Li: School for Engineering of Matter, Transport and Energy
- Simen Oestmo *Anthropology*
Dissertation: A Formal Modeling Approach to Understanding Stone Tool Raw Material Selection in the African Middle Stone Age: A Case Study from Pinnacle Point, South Africa
 Chair: Curtis William Marean: School of Human Evolution and Social Change
- Subash Padmanaban *Biomedical Engineering*
Dissertation: Algorithms for Neural Prosthetic Applications
 Chair: Bradley Greger: School of Biological and Health Systems Engineering

Sivaseetharaman Pandi *Electrical Engineering*

Dissertation: Holographic Metasurface Leaky Wave Antennas
 Chair: Constantine A. Balanis: School of Electrical, Computer and Energy Engineering

Ryan Charles Panos *Industrial Engineering*

Dissertation: In Pursuit of Optimal Workflow Within The Apache Software Foundation
 Co-Chairs: James Samuel Collofello: Ira A. Fulton Schools of Engineering, John Fowler: W.P. Carey Supply Chain Management

Megan Marie Parry *Criminology and Criminal Justice*

Dissertation: Watching the Watchmen: How Videos of Police-Citizen Encounters Influence Individuals' Perceptions of the Police
 Chair: Danielle Marie Wallace: School of Criminology and Criminal Justice

Bryan Oakford Paul *Electrical Engineering*

Dissertation: RF Convergence of Radar and Communications: Metrics, Bounds, and Systems
 Chair: Daniel Wesley Bliss: School of Electrical, Computer and Energy Engineering

Anthony Edward Pesek *Construction Management*

Dissertation: Impact of Construction Document Deficiencies on Heavy/Civil Low-Bid Infrastructure Projects and the Introduction of a Contractor Document Review Assessment
 Chair: Kenneth T. Sullivan: School of Sustainable Engineering and the Built Environment

Laura C. Petrolle *Counseling Psychology*

Dissertation: The Relationship between Clinical Experience, Emotional Intelligence and Counselor Self-Efficacy with Resilience as a Moderator
 Chair: Sharon E. Kurpius: College of Integrative Sciences and Arts

Lynette Marie Pollari *Design, Environment and the Arts*

Dissertation: Dine Cultural Sustainability through Settlement Form: Finding Patterns for New Navajo Neighborhoods
 Chair: Michael D. Kroelinger: The Design School

Amanda Urban Potterton *Educational Policy and Evaluation*

Dissertation: Arizona's Mature Education Market: How School and Community Stakeholders Make Meaning of School Choice Policies
 Chair: Jeanne Powers: Division of Educational Leadership and Innovation

Rebekah Lynn Pratt-Sturges *History and Theory Of Art*

Dissertation: Illuminating the Medieval Hunt: Power and Performance in Gaston Fébus' Le livre de chasse
 Chair: Corine L. Schleif: School of Art

Argemiro A Florez Pregonero *Physical Activity, Nutrition and Wellness*

Dissertation: Monitors-Based Measurement of Sedentary Behaviors and Light Physical Activity in Adults
 Chair: Barbara Ellen Ainsworth: School of Nutrition and Health Promotion

Ian Case Punnett *Journalism and Mass Communication*

Dissertation: Toward a Theory of True Crime: Forms and Functions of Nonfiction Murder Narratives
 Chair: Dennis Eugene Russell: Journalism and Mass Communication

Krista Kay Puruhito *Family and Human Development*

Dissertation: Connecting to the Future: A Revised Measure of Exogenous Perceptions of Instrumentality
 Chair: Jenefer Husman: The Sanford School

Abhijith Rajan *Astrophysics*

Dissertation: Exoplanet Meteorology: Characterizing the Atmospheres of Directly Imaged Sub-Stellar Objects
 Co-Chairs: Jennifer Lynn Patience: School of Earth and Space Exploration, Patrick Young: School of Earth and Space Exploration

Deepak Ramasubramanian *Electrical Engineering*

Dissertation: Impact of Converter Interfaced Generation and Load on Grid Performance
 Chair: Vijay Vittal: School of Electrical, Computer and Energy Engineering

Jorge Ramos *Environmental Life Sciences*

Dissertation: Methane and Nitrous Oxide Fluxes from Water, Plants, and Soils of a Constructed Treatment Wetland in Phoenix, AZ
 Chair: Daniel L. Childers: School of Sustainability

Elaine Virginia Rettger *Educational Technology*

Dissertation: Microlearning with Mobile Devices: Effects of Distributed Presentation Learning and the Testing Effect on Mobile Devices
 Chair: Gary Glen Bitter: Division of Educational Leadership and Innovation

Patrick Thomas Ridge *Spanish*

Dissertation: From Sport to Spectacle: An Archaeology of Latin American Soccer
 Chair: David W. Foster: School of International Letters and Cultures

Adam Appfel Rogers *Family and Human Development*

Dissertation: Adolescents' Emotional Well-Being during Developmental Turning Points: Help and Hindrance from Interpersonal Relationships
 Chair: Kimberly A. Updegraff: The Sanford School

Elizabeth Ann Runnion *Speech and Hearing Science*

Dissertation: Variability of Early Literacy Skills In Children with Hearing Impairment
 Chair: Shelley Irene Gray: Department of Speech and Hearing

Philip John Sakievich *Mechanical Engineering*

Dissertation: Identification, Decomposition and Analysis of Dynamic Large-Scale Structures in Turbulent Rayleigh-Benard Convection
 Chair: Yulia V. Peet: School for Engineering of Matter, Transport and Energy

Mehdi Saremi *Electrical Engineering*
Dissertation: Modeling and Simulation of the Programmable Metallization Cells (PMCs) and Diamond-Based Power Devices
 Chair: Stephen Marshall Goodnick: School of Electrical, Computer and Energy Engineering

Rohit Sarkar *Materials Science and Engineering*
Dissertation: Synthesis and in situ Characterization of Nanostructured and Amorphous Metallic Films
 Chair: Jagannathan Rajagopalan: School for Engineering of Matter, Transport and Energy

Elizabeth Griffin Schildkret *Theatre (Theatre For Youth)*
Dissertation: Translanguaging in the Borderlands: Language Function in Theatre for Young Audiences Written in Spanish and English in the United States
 Chair: Stephani Etheridge Woodson: School Film, Dance and Theatre

Beth Sara Schinoff *Business Administration (Management)*
Dissertation: Can We Be Coworkers and Friends? An Inductive Study of the Experience and Management of Virtual Coworker Friendships
 Chair: Blake Ashforth: W. P. Carey Management

Adolph Mooketsi Seema *Electrical Engineering*
Dissertation: Flexi-WVSNP-DASH: A Wireless Video Sensor Network Platform for the Internet of Things
 Chair: Martin Reisslein: School of Electrical, Computer and Energy Engineering

Patrick Sims *Chemistry*
Dissertation: Synthesis of Hybrid (III-V) y(IV)5-2y Semiconductors: A New Approach to Extending the Optoelectronic Capabilities of Si and Ge Technologies
 Chair: John Kouvetakis: School of Molecular Sciences

Jeffrey Alan Skidmore *Mechanical Engineering*
Dissertation: On the Effect of Walking Surface Stiffness on Inter-leg Coordination during Human Walking: a Unique Perspective to Robot-assisted Gait Rehabilitation
 Chair: Panagiotis K. Artemiadis: School for Engineering of Matter, Transport and Energy

Melissa Michal Slocum *English (Literature)*
Dissertation: Haudenosaunee Good Mind: Tribalographies Recognizing American Indian Genocide and Restoring Balance in Literature Classrooms by Shifting Literary Criticism and Educational Curricula
 Chair: Heather Cristine Maring: Department of English

Dissertation: Courting Disaster: An Analysis of Federal Government Twitter Usage during Hurricane Sandy Resulting in a Suggested Model for Future Disaster Response
 Chair: Frances Rose Matera: Journalism and Mass Communication

Ganquan Song *Electrical Engineering*
Dissertation: Development of Microfabrication Technologies on Oil-based Sealing Devices for Single Cell Metabolic Analysis
 Chair: Deirdre Ruth Meldrum: Biodesign Institute

Brian Eric St Clair *Environmental Life Sciences*
Dissertation: Kinetics, Thermodynamics and Habitability of Microbial Iron Redox Cycling
 Chair: Everett Shock: School of Earth and Space Exploration

Levi Straka *Civil, Environmental and Sustainable Engineering*
Dissertation: Light-Dependent Growth Kinetics and Mathematical Modeling of Synechocystis sp. PCC 6803
 Chair: Bruce Edward Rittmann: Biodesign Institute

Jingchao Sun *Electrical Engineering*
Dissertation: Security and Privacy in Mobile Computing: Challenges and Solutions
 Chair: Yanchao Zhang: School of Electrical, Computer and Energy Engineering

Xiaoda Sun *Mechanical Engineering*
Dissertation: Bioinspired Anti-Icing Coatings and Spatial Control of Nucleation using Engineered Integral Humidity Sink Effect
 Chair: Konrad Rykaczewski: School for Engineering of Matter, Transport and Energy

Fraaz Tahir *Mechanical Engineering*
Dissertation: Creep-Fatigue Damage Investigation and Modeling of Alloy 617 at High Temperatures
 Chair: Yongming Liu: School for Engineering of Matter, Transport and Energy

Andrea De La Maza Perez Tamayo *Justice Studies*
Dissertation: Becoming Travesti: A Partial History of Ontoformation
 Chair: Ann Hibner Koblitz: School of Social Transformation

Ran Tao *Economics*
Dissertation: Essays on Charitable Fundraising, Free Riding, and Public Good Provision
 Chair: Daniel Silverman: W. P. Carey Economics

Linda Marguerite Tello *Civil, Environmental and Sustainable Engineering*

Dissertation: Theorizing the State of Health Practices and Climate in Construction via Fourfold Structuration

Chair: David Grau Torrent: School of Sustainable Engineering and the Built Environment

Yamrot Girma Teshome *Gender Studies*

Dissertation: Maternal Health In Ethiopia: Global and Local Complexities

Chair: Ann Hibner Koblitz: School of Social Transformation

Ramesh Devi Thakur *Nursing and Healthcare Innovation*

Dissertation: Feasibility Study of Health Empowerment Intervention to Evaluate the Effect on Self-Management, Functional Health, and Well-Being in Older Adults with Heart Failure

Chair: Julie M. Fleury: College of Nursing and Health Innovation

John Egbert Thomas *Civil, Environmental and Sustainable Engineering*

Dissertation: Human Resilience and Development in Coupled Socio-technical Systems: A Holistic Approach to Critical Infrastructure Resilience

Chair: Thomas Payson Seager: School of Sustainable Engineering and the Built Environment

Claudia Ann Thompson-Felty *Physical Activity, Nutrition and Wellness*

Dissertation: Adoption and Use of Social Media Among Registered Dietitians Nationwide: Implications for Health Communication

Chair: Carol S. Johnston: School of Nutrition and Health Promotion Nutrition

Akhilesh Shivanna Thyagaturu *Electrical Engineering*

Dissertation: Software Defined Applications in Cellular and Optical Networks

Chair: Martin Reisslein: School of Electrical, Computer and Energy Engineering

Chin-Chang Tsai *Public Administration and Policy*

Dissertation: Evaluating Public Value Failure in the Nonprofit Context: An Interpretive Case Study of Food Banking in the U.S.

Chair: Barry Bozeman: College of Public Service and Community Solutions

Mari N. Turk *Neuroscience*

Dissertation: The Effect of Rho Kinase Inhibitors on Alzheimer's Disease

Chair: Kenro Kusumi: College of Liberal Arts and Sciences

Dallas Clair Turley *Biomedical Engineering*

Dissertation: Improved Spatial Coverage of High-Temporal Resolution Dynamic Susceptibility Contrast-MRI Through 3D Spiral-Based Acquisition and Parallel Imaging

Chair: Vikram D. Kodibagkar: School of Biological and Health Systems Engineering

Robert Louis Vagi *Educational Policy and Evaluation*

Dissertation: A Closer Look at Teacher-Principal Pairings and Teacher Mobility: Testing a Model of Teacher-School Fit

Chair: David R. Garcia: Division of Educational Leadership and Innovation

Sajad Vahedi *Economics*

Dissertation: Three Essays on Environmental Economics: Effects of Air Pollution on Health and Human Capital

Chair: Daniel Silverman: W. P. Carey Economics

Venkata Sathya Sai Renuka Vallabhaneni *Materials Science and Engineering*

Dissertation: Environmental-Induced Damage in Tin (Sn) and Aluminum (Al) Alloys

Chair: Nikhilesh Chawla: School for Engineering of Matter, Transport and Energy

Lisa Joanne van Raalte *Communication*

Dissertation: The Influence of Cuddling on Relational Health for Cohabiting Couples

Co-Chairs: Kory Wayne Floyd: Hugh Downs School of Communication, Paul Anthony Mongeau: Hugh Downs School of Communication

Hemanth Kumar Demakethepalli

Venkateswara *Computer Science*

Dissertation: Domain Adaptive Computational Models for Computer Vision

Chair: Sethuraman Panchanathan: School for the Future of Innovation in Society

Ashley Marie Votruba *Psychology*

Dissertation: Partitioning Responsibility: The Influence of Cultural Differences in Social Attributions on Jurors' Division of Responsibility

in a Negligent Tort Context

Co-Chairs: Michael J. Saks: College Of Law, Sau Y. Kwan: Department of Psychology

Mariya Voytyuk *Global Health*

Dissertation: Lay Theories of Healthy Eating: Insights from Cross-Cultural Comparisons

Chair: Daniel Jacob Hruschka: School of Human Evolution and Social Change

Feng Wang *Computer Science*

Dissertation: Visual Analytics Methods for Exploring Geographically Networked Phenomena

Chair: Ross Maciejewski: School of Computing, Informatics, and Decision Systems Engineering

Guanglei Wang *Electrical Engineering*

Dissertation: Quantum Nonlinear Dynamics and Chaos in Photonic and Nano Systems

Chair: Ying-Cheng Lai: School of Electrical, Computer and Energy Engineering

Yuting Wang *Mechanical Engineering*

Dissertation: Reduced Order Modeling with Variable Spatial Fidelity for the Linear and Nonlinear Dynamics of Multi-Bay Structures

Chair: Marc Paul Mignolet: School for Engineering of Matter, Transport and Energy

Bud Selig
Commissioner Emeritus of Major League Baseball and Professor of Practice

PRESENTATION AND HOODING OF LL.M. CANDIDATES

**PRESENTATION AND HOODING OF
MASTER OF LEGAL STUDIES CANDIDATES**

PRESENTATION AND HOODING OF JD CANDIDATES

CLOSING REMARKS
Dean Douglas J. Sylvester

***RECESSION OF FACULTY AND CANDIDATES**

*Audience should stand for these portions of the program.

At its founding, the College of Law at Arizona State University committed itself to innovation. While retaining important aspects of traditional legal education, Dean Willard H. Pedrick and the six well-respected faculty members whom Pedrick recruited to the desert from around the country, embraced a vision of the future of legal education, befitting a young school in a growing city.

Nearly from its inception, the College has provided extensive training in practical legal skills, offering students a firm foundation in lawyering before they become practicing attorneys. Today, the College of Law has one of the strongest legal writing programs in the country, offers a myriad of field placement opportunities, and has a variety of clinics that provide indigent members of the community with valuable legal assistance while offering hands-on experience in both litigation and transactional settings. Each year, approximately 90 percent of students participate in clinics, externships, or pro bono activities.

In the four decades since its founding, the College of Law, now renamed the Sandra Day O'Connor College of Law, has grown in size and national prominence, assembling an acclaimed faculty in the traditionally core areas of legal study while continuing to offer innovative approaches to legal education. The Center for Law, Science & Innovation is the nation's first and largest academic center focused on the intersection of law and science, and through it the College offers the country's only LL.M. in Biotechnology and Genomics, as well as innovative new programs in the Governance of Emerging Technologies; Personalized Medicine, Law & Policy; Public Health Law and Policy; Law and Sustainability; and Information and Communications Technology. The Indian Legal Program is arguably the leading program on Indian law in the country. It offers a strong curriculum, including the LL.M. in Tribal Policy, Law, and Government, the Certificate in Indian Law, and the Indian Legal Clinic, and trains students to be leaders in Indian Country. The College of Law's Center for Law and Global Affairs supports and inspires research, education, and practice regarding emerging forms of transnational governance that extend beyond the traditional paradigms of international law. The College of Law continues to reach further to provide opportunities for its students and graduates with innovative endeavors such as the creation of a nonprofit law firm, an employer outreach initiative, new international licensure programs, and a faculty and staff committed to student success.

The College of Law bridges the gap between theory and practice, and our faculty and students address the pressing public policy challenges of our time. In short, the Sandra Day O'Connor College of Law remains an innovator, building new models for 21st century public legal education in a dynamic, increasingly diverse, local, national, and global environment.

 CANDIDATES FOR MASTER OF LAWS (LLM)

Colin Michael Carey
Timothy Thomas Emmart

Maribel Goodman
Ana M. Sanchez

Amber La Shay Walker

CANDIDATES FOR THE MASTER OF LEGAL STUDIES (MLS)

Kathleen Arrigotti

SCHOOL OF SUSTAINABILITY

EXECUTIVE MASTERS IN SUSTAINABILITY LEADERSHIP

Janice Leah Almond	Joseph Anthony Fullerton	Ignacio Escamilla Leon
Natacha Brice	Nichole Herche	Nicholas Brian Maragliano
Anthony R. Chavez	Julie Denise Hopwood	Nicholas Hans Poetsch
Aishling Marie Coyne	Marlynd Sheldon Hunt	Travis Lee Yellowhair
Rene Anne Edde	Sharon Kinsella	
Faun Beth Finley	Chris J. Kyriakopoulos	

MASTER OF ARTS

Leigh-Ann Marie Tower — *Sustainability*

MASTER OF SCIENCE

Lyle Eric Johnson — <i>Sustainability</i>	Sean Taylor Murray — <i>Sustainability</i>
Ramanuj Mitra — <i>Sustainability</i>	Fionn Darragh O’Keeffe — <i>Sustainability</i>

MASTER OF SUSTAINABILITY LEADERSHIP

Stephani Marie Acuna	Alibek James Dagly	Rebecca Murphy
Susan Brozowski-Norton	Chiedozie Nzubechukwuka	Laura Renee Ortbahn
Tina-Marie Caristo	Dinobi	Rigoberto Polanco
Ian Coen	Dustin Hampton Gean	Claudine N. Wright
Laura Grace Cuccaro	Miki Kobayashi	Jason Eric Zeikowitz

MASTER OF SUSTAINABILITY SOLUTIONS

Nicolas Louis Elias Ansara	Alyssa Michele Kiefer	Rebecca Ann Santiago
Nagelle Ceawlene Fernandes	Andrea Tamar Levy	Amanda L. Toohey
Kyrie Sierra Hooton	Brittany Anne Nixon	Daniel Velez
Jeffrey William Iles	Soumya Parthasarathy	Kai Wang

THUNDERBIRD SCHOOL OF GLOBAL MANAGEMENT

MASTER OF ARTS

Ellen Alexander — <i>Global Affairs and Management</i>	Kathryn Janine Benedict — <i>Global Affairs and Management</i>
Walter Mauricio Arias — <i>Global Affairs and Management</i>	Pambinjeet Kaur Bhullar — <i>Global Affairs and Management</i>
Brett Diana Balling — <i>Global Affairs and Management</i>	Bianca Mirabela Buliga — <i>Global Affairs and Management</i>
Victoria Katherine Banaszczyk — <i>Global Affairs and Management</i>	Stefani Maria Chaney — <i>Global Affairs and Management</i>
Nicholas Guy Beaudoin — <i>Global Affairs and Management</i>	Grace Mikaelle Dianzinga — <i>Global Affairs and Management</i>

Reine Caroline Krishna Dianzinga— <i>Global Affairs and Management</i>	Alexander Thomas Marino— <i>Global Affairs and Management</i>
Jacob Eisenberg— <i>Global Affairs and Management</i>	Faduma-Dhool Osman Mohamed— <i>Global Affairs and Management</i>
Franz Stephen Ferguson II— <i>Global Affairs and Management</i>	Sarah Frances Mualim— <i>Global Affairs and Management</i>
Peng Gao— <i>Global Affairs and Management</i>	Yumeng Peng— <i>Global Affairs and Management</i>
Melissa Tantely Gaylord-Ratsimbazafy— <i>Global Affairs and Management</i>	Yan Ren— <i>Global Affairs and Management</i>
Gabrielle Bintou Gueye— <i>Global Affairs and Management</i>	Patrick James Shields— <i>Global Affairs and Management</i>
Fatima Heravy— <i>Global Affairs and Management</i>	Allison Skabrat— <i>Global Affairs and Management</i>
Lauren Nicole Herber— <i>Global Affairs and Management</i>	Maya Jenee Snowden— <i>Global Affairs and Management</i>
William Travis Hookham— <i>Global Affairs and Management</i>	Jake Morgan Strickler— <i>Global Affairs and Management</i>
Tianhong Hou— <i>Global Affairs and Management</i>	Tomas Antonio Thomas— <i>Global Affairs and Management</i>
Andrea Camille Kaloush— <i>Global Affairs and Management</i>	Ryan Gerald Todare— <i>Global Affairs and Management</i>
Salma Kemmou— <i>Global Affairs and Management</i>	Nash Daye Wills— <i>Global Affairs and Management</i>
Jacob M. Krum— <i>Global Affairs and Management</i>	Jialu Yu— <i>Global Affairs and Management</i>
Soukaina Lamrani— <i>Global Affairs and Management</i>	Ana Carolina Zajas— <i>Global Affairs and Management</i>

MASTER OF GLOBAL MANAGEMENT

Yaser Abdullah Mohammed Ba Afif	Dixita Dinesh	Patrick Jon Moffett
Gregory A. Andrews	Carina Monique Flores	Matthew LeGrande Nelson
Taylor B. Ayers	Thomas Konrad Gunther	Agoeng Pratomo Noegroho
Hannah Badawy	Jorgen Thomas Gustafson	Richard Al Orozco
Bisrat Kebede Bahta	Kimberly Ann Hergenrader	Diego Esteban Ponce, Sr.
Benson Zheng Bao	Bradley Daniel Hoffa	Zengsen Qiao
Joseph Edward Benson	Bowen Huang	Bhavana Raina

PRESENTATION OF GRADUATES**READERS**

Dr. Kyle Mox, Associate Dean for National Scholarship Advisement

Dr. Stephanie DeLusé, Honors Faculty Fellow

DIPLOMAS

Mark Jacobs, Dean

CLOSING REMARKS

Mark Jacobs, Dean

RECESSIONAL

The Barrett Story

Barrett, The Honors College at Arizona State University, is a selective, residential college for academically outstanding undergraduates. Named “the gold standard” for honors colleges in the nation, Barrett often has more nationally-recognized merit scholars than Princeton, Yale or Stanford.

The college is supported by a \$15 million endowment that is used exclusively to benefit honors students and fund their projects. Barrett students major in any field offered at ASU’s campuses - Tempe, Polytechnic, Downtown or West. Barrett students are members of a small community of scholars who have direct access to our deans and receive personalized attention from approximately 45 honors faculty fellows and 55 staff members who care about them as individuals. In addition to these full-time honors college personnel there are more than 1900 university faculty members who teach and mentor Barrett students across all four campuses each year.

The \$140 million Barrett campus in Tempe was designed by students, faculty and staff working with nationally-renowned architects. The Barrett facilities at all four ASU campuses function as their own small honors communities on the ASU campuses where students enjoy the amenities and resources of a large university. This unique arrangement is a model for higher education and has often been referred to as “the best of both worlds” by students who thrive in a small college atmosphere but appreciate access to large university programs like Division I athletics and high profile lecturers.

Student Opportunities

Barrett students take advantage of an array of opportunities that enrich the honors experience. They participate in study abroad programs that enable them to travel to foreign countries, immerse themselves in small classes taught by honors faculty, and experience different cultures and societies while earning honors credits. Barrett students receive record numbers of national and international graduate scholarships such as Rhodes, Fulbright, Truman and Marshall Scholarships. Top students from multiple majors live in a four-year residential community and secure leadership positions or participate in a full range of academic, cultural, service, professional development, travel, wellness, arts, social, entrepreneurial, and sustainability programming. Barrett students engage in cutting edge research with distinguished ASU faculty or through special partnerships with the Mayo Clinic, the Biodesign Institute and Intel. Students are developing iPhone applications, building robots, designing games, or developing tools to improve healthcare, meet global energy needs, provide clean water, or secure data and information privacy. There are over six hundred internship opportunities developed exclusively for Barrett students. We have students working with Goldman Sachs, Microsoft, Google, and The American Heart Institute. Barrett students secure internships in the governor's office, local congressional districts, and the United States Senate.

Signature Events

Barrett hosts two signature events annually, the Centennial Lecture and the Rhodes Lecture. In 1985, the Flinn Foundation established an endowment to commemorate ASU's 100th year. The gift created the ASU Centennial Lecture, and in 1989 it provided the Barrett Honors College the resources to bring some of the world's most influential intellects to campus. The Centennial Lecture has become one of ASU's premier intellectual events featuring noted diplomats, scientists, playwrights, and authors. Each Centennial Lecturer has helped to strengthen the university and has provided students and community members with a memorable experience. Former Centennial lecturers include Edward James Olmos, dedicated actor, and community activist in 2010; Dr. Oscar Arias, Nobel Peace Laureate and two-time president of Costa Rica in 2011; and most recently, Henry Cisneros, the former Secretary of Housing and Urban Development and Mayor of San Antonio.

The Rhodes Lecture is given by the John J. Rhodes Chair in Public Policy and American Institutions at Barrett. The Chair was created to celebrate the career in public service of one of Arizona's and the nation's most distinguished leaders. The Rhodes Chair is dedicated to deepening theoretical and practical understanding of the many voices and forces that influence public policy. The Chair honors the values of personal integrity, fiscal responsibility, respect for persons, and international farsightedness exemplified in the Hon. John J. Rhodes' career. The 2017 Rhodes Chair was Jeffrey Toobin, Senior Analyst for CNN and staff writer for *The New Yorker*. As one of the country's most esteemed experts on politics, media and the law, Toobin has provided analysis on some of the most provocative and important events of our time.

Barrett on all four campuses

In fall 2009, Barrett, The Honors College at Arizona State University, opened the nation's first comprehensive four-year residential honors college within a top-tier Research I university that underscores its standing as the premier honors college in the nation. On the Tempe campus, the nine-acre college includes resident halls for 1700 students, several classrooms, a community center with student lounges, activity rooms, computer labs, a fitness center, a multi-room dining facility with a refectory, café, and administrative, faculty and staff offices.

The Barrett Honors College facilities on Downtown, Polytechnic and West campuses feature honors student lounges, libraries, kitchens, computer labs, student activity and study rooms, faculty and administrative offices, and honors residential communities.

Barrett at the Downtown Campus is home to about 650 honors students. The Barrett residential community, called "B-Town D-Town," is located at Taylor Place at the heart of the campus and offers a living environment where students have easy access to ASU's downtown colleges and programs, as well as Phoenix's increasingly vibrant lifestyle.

Barrett at the Polytechnic campus gives students the feeling of studying at a small private college with the advantages of a large university. The honors residential community is unique among the ASU campuses – freshman honors students reside together on a floor of Century Hall, which opened in the summer of 2012 while upper-division honors students live in 2- and 3-bedroom houses in a special Barrett neighborhood on campus. Honors students also have access to a new dining hall and fitness facility.

Barrett at the West Campus provides the entire range of honors activities in a small liberal arts college setting. Barrett West students live and learn on the ASU West Campus with approximately 500 other residents. Honors students live in the new Casa de Oro, a residence hall that opened in fall 2012. The 5,000-square-foot Barrett Suite includes a computer lab, study rooms, a meeting area, a library, and staff and faculty offices.

With its outstanding programs, dedicated faculty and staff, and comprehensive facilities, Barrett is a national model for organizing resources to support the honors experience at all four campuses at ASU.

Anisa Abdul-Quadir

Major: Sustainability —
 School of Sustainability
Title: Comparing Sustainable Materials Management and Circular Economy for the Management of Construction Materials
Director: Candice Carr Kelman, School of Sustainability

Paul Michael Abers

Title: Interactive Effects of Broad Social Motives and Descriptive Norms on Drinking Behavior
 Director: William Corbin, College of Liberal Arts and Sciences

Ashley Monique Cano

Major: Accountancy —
 W. P. Carey School of Business
Title: Kofa High School College Bridge Program
 Director: Louis Olivas, W. P. Carey School of Business

Marissa Alexis Cantu

Major: Finance —
 W. P. Carey School of Business
Title: International NGO Evaluation
 Director: Lili Wang, College of Public Service and Community Solutions

Megan Marie Cantwell

Major: Biochemistry —
College of Liberal Arts and Sciences
Title: Cultivating Empathy for English Learners through Study-Aboard Experiences
Director: Margarita Jimenez-Silva,
Mary Lou Fulton Teachers College

Li Cao

Major: Accountancy —
W. P. Carey School of Business
Title: How to raise the company's awareness to sustainability accounting
Director: Dan Swenson, W. P. Carey School of Business

Christian James Carabajal

Major: Biological Sciences (Neurobiology, Physiology and Behavior) —
College of Liberal Arts and Sciences
Title: Government Subsidization, Public Assistance, and the Socioeconomics of Type-Two Diabetes
Director: Miles Orchinik, College of Liberal Arts and Sciences

Lucia Carbajal

Major: Biochemistry —
College of Liberal Arts and Sciences
Title: Attention & Memory Problems in Everyday Life Among Young Adult Cannabis Users
Director: Madeline Meier, College of Liberal Arts and Sciences

Emma Marie Card

Major: Chemical Engineering —
Ira A. Fulton Schools of Engineering
Title: Characterization of Design Ankyrin Repeat Proteins for Neurodegenerative Disease Diagnostics
Director: Michael Sierks, Ira A. Fulton Schools of Engineering

Caleb Elijah Carlson

Major: Engineering —
Ira A. Fulton Schools of Engineering
Title: Design & Control of a Biomimetic Aquatic Soft Robot
Director: Panagiotis Polygerinos, Ira A. Fulton Schools of Engineering

Jerman Carrera

Major: Marketing —
W. P. Carey School of Business
Title: Color of the plate and the impact on consumption
Director: Nancy Gray, W. P. Carey School of Business

Joe Carrillo

Major: History —
College of Integrative Sciences and Arts
Title: Medical Advancements of Radiation-Induced Cancer on the Survivors of the Atomic Bombings in Japan during World War II
Director: Judith Schultz, College of Integrative Sciences and Arts

Maia Castiglione

Major: Accountancy —
W. P. Carey School of Business
Second Major: Finance —
W. P. Carey School of Business
Title: Intel Collaborative Thesis Project
Director: Mark Simonson, W. P. Carey School of Business

Cesar Castro

Major: Civil Engineering —
Ira A. Fulton Schools of Engineering
Title: Scottsdale Resort Design
Director: Peter Fox, Ira A. Fulton Schools of Engineering

Naomi Liana Castronova

Major: Marketing (Digital and Integrated Marketing Communications) —
W. P. Carey School of Business
Second Major: Psychology —
College of Liberal Arts and Sciences
Title: Erasing The Stigma on Seeking Mental Health- Digital Campaign
Director: Lonnie Ostrom, W. P. Carey School of Business

Alexis Leigh Catinchi

Major: Biological Sciences (Neurobiology, Physiology and Behavior) —
College of Liberal Arts and Sciences
Second Major: Psychology
(Psychological Science) —
College of Liberal Arts and Sciences
Title: Risky Decision-Making Behavior: An Analysis Of The Gambler's Fallacy and The Near-Miss Effect
Director: Samuel McClure, College of Liberal Arts and Sciences

David Richard Cayll

Major: Mechanical Engineering —
Ira A. Fulton Schools of Engineering
Title: Graphene Growth on Ultrathin Platinum Films
Director: Sefaattin Tongay, Ira A. Fulton Schools of Engineering

Zari Chacon

Major: Applied Biological Sciences —
College of Integrative Sciences and Arts
Title: The Experience of International Service Learning: Project Vietnam
Director: Bruce Oberstein, College of Integrative Sciences and Arts

Angie Chan

Major: Biomedical Engineering —
Ira A. Fulton Schools of Engineering
Title: The Importance of Positive Affirmations to decrease Depressive Symptoms Among Freshmen and Senior Barrett Honors Students
Director: Jack Chisum, College of Health Solutions

Karen Chang

Major: Supply Chain Management —
W. P. Carey School of Business

Title: Supplier Management Analysis with Intel Corporation

Director: Jeffrey Laub, W. P. Carey School of Business

Natalie Ann Chapin

Major: Biological Sciences (Genetics, Cell and Developmental Biology) —
College of Liberal Arts and Sciences

Title: A Participatory Technology Assessment: Engaging ASU students ideas about genome editing

Director: Jennifer Brian, Barrett, The Honors College

Patherica Charoenmins

Major: Applied Biological Sciences —
College of Integrative Sciences and Arts

Title: Evaluating the viability of a DNA-based chip targeted for C. trachomatis, N. gonorrhoeae, and other pathogens of interest

Director: Christopher Penton, College of Integrative Sciences and Arts

Trisha Chaudhury

Major: Biochemistry (Medicinal Chemistry) —
College of Liberal Arts and Sciences

Second Major: Psychology —
College of Liberal Arts and Sciences

Title: The Effect Of mir-495 in Cocaine Addiction
Director: Janet Neisewander, College of Liberal Arts and Sciences

Ashik Chauhan

Major: Business (Law) —
W. P. Carey School of Business

Second Major: Supply Chain Management —
W. P. Carey School of Business

Title: Sexual Assault on Campuses: An Analysis of Prevention Methods

Director: Aviva Dove-Viebahn, Barrett, The Honors College

Jenny Chen

Major: Supply Chain Management —
W. P. Carey School of Business

Title: Supplier Management Analysis for Intel Corporation

Director: Jeffrey Laub, W. P. Carey School of Business

Zhihao Chen

Major: Environmental and Resource Management —
Ira A. Fulton Schools of Engineering

Title: Simplifying Functional Assays for Partitioning of Nanoparticles in Immiscible Phases
Director: Kiril Hristovski, Ira A. Fulton Schools of Engineering

Robert Valente Childers

Major: Biomedical Engineering —
Ira A. Fulton Schools of Engineering

Title: Using Lethal siRNA for a Future Therapeutic in Cancerous Patients

Director: Casey Ankeny, Ira A. Fulton Schools of Engineering

Elijah Seth Chin

Major: Biochemistry —
College of Liberal Arts and Sciences

Title: Ecdysone Effect on Hypopharyngeal Glands and Ovarioles in Adult Worker Bees

Director: Ying Wang, College of Liberal Arts and Sciences

Ammie Lucero Chinchilla

Major: Biological Sciences —
College of Liberal Arts and Sciences

Title: A Retroactive Study of Parson's Center for Pediatric Dentistry Patient Parents/Guardians: Uncovering Motive for Seeking Specialty Dental Treatment

Director: Delon Washo-Krupps, College of Liberal Arts and Sciences

Gurkaran Chotalla

Major: Management —
W. P. Carey School of Business

Title: The Effect of Poison Pills on Long Term Value in Cancelled Transactions

Director: Luke Stein, W. P. Carey School of Business

Tristan Eric Chun

Major: Biological Sciences (Neurobiology, Physiology and Behavior) —
College of Liberal Arts and Sciences

Title: An Ethical Evaluation of Psychiatric Boarding in the E.D.

Director: Jennifer Brian, Barrett, The Honors College

Bradley Pete Cladianos

Major: Earth and Environmental Studies —
College of Liberal Arts and Sciences

Title: How to Understand and Initiate an Energy Retrofit

Director: Jonathan Kelman, School of Sustainability

Charles Taylor Clark

Major: Journalism and Mass Communication —
Walter Cronkite School of Journalism and Mass Communication

Second Major: Psychology —
College of Liberal Arts and Sciences

Title: AZ Homeless Solutions: A Solutions Journalism Approach

Director: Kristin Gilger, Walter Cronkite School of Journalism and Mass Communication

Emily Charlotte Close

Major: Chemical Engineering —
Ira A. Fulton Schools of Engineering

Title: Bi-phase Synthesis of Zirconium Metal-Organic Frameworks

Director: Bin Mu, Ira A. Fulton Schools of Engineering

Grant William Cogell

Major: Supply Chain Management —
W. P. Carey School of Business
Title: Camp Carey Scalability
Director: Michele Pfund, W. P. Carey School of Business

Hailey Elizabeth Cohan

Major: Biological Sciences
(Biology and Society) —
College of Liberal Arts and Sciences
Title: Physician and Ethics Committee Members' Perceptions of Death with Dignity in Arizona
Director: Jennifer Brian, Barrett, The Honors College

Alexandra Danielle Cohen

Major: Psychology —
College of Liberal Arts and Sciences
Title: Literature Review of the Associations Between Gender Typicality and Adolescents
Director: Kimberly Updegraff, College of Liberal Arts and Sciences

Zhanelle Eva Coleman

Major: Engineering (Robotics) —
Ira A. Fulton Schools of Engineering
Title: Contaminant Removal Using Nano-enabled 3D Printed Polymers
Director: Kiril Hristovski, Ira A. Fulton Schools of Engineering

Jason Conigliari

Major: Computer Information Systems —
W. P. Carey School of Business
Title: Virtual Reality Architecture
Director: Daniel Mazzola, W. P. Carey School of Business

Andrew James Henry Cook

Major: Mechanical Engineering —
Ira A. Fulton Schools of Engineering
Title: Development of a Lower-Extremity Robotic Device for Ankle Studies
Director: Hyunglae Lee, Ira A. Fulton Schools of Engineering

Sarah Mae Coonrod

Major: Biological Sciences
(Neurobiology, Physiology and Behavior)
— College of Liberal Arts and Sciences
Title: Psychological, Ecological, and Ethical Dimensions of Bottlenose Dolphin Captivity
Director: Leah Gerber, College of Liberal Arts and Sciences

Aspen Bayley Cooper

Major: Kinesiology —
College of Health Solutions
Title: Effects of Assisted Cycling Therapy on Inhibition in Stroke Survivors
Director: Shannon Ringenbach, College of Health Solutions

Gabriela Coote

Major: Mechanical Engineering
(Computational Mechanics) —
Ira A. Fulton Schools of Engineering
Title: Internet of Things for Pet Care
Director: Fengbo Ren, Ira A. Fulton Schools of Engineering

Connor Joseph Copp

Major: Chemical Engineering —
Ira A. Fulton Schools of Engineering
Title: Determination of Higher Heating Value of Algal Products
Director: Shuguang Deng, Ira A. Fulton Schools of Engineering

Kyle Corona

Major: Sustainability —
School of Sustainability
Title: Energy Subsidies: Cheaper Energy or Energy Abuse
Director: Jonathan Kelman, School of Sustainability

Steven Andrew Cosgrove

Major: Biochemistry —
College of Liberal Arts and Sciences
Title: Design, Purification and Analysis of Histamine Family Receptors for Crystallization
Director: Wei Liu, College of Liberal Arts and Sciences

Ryan Aaron Cotton

Major: Supply Chain Management —
W. P. Carey School of Business
Second Major: Business Data Analytics —
W. P. Carey School of Business
Title: Data Analytics within Supply Chain Management
Director: Todd Taylor, W. P. Carey School of Business

Mary Patricia Cozzi

Major: Supply Chain Management —
W. P. Carey School of Business
Second Major: Business (Law) —
W. P. Carey School of Business
Title: The Legality of Fantasy Sports Gambling in the State of Arizona
Director: Mary Ingram-Waters, Barrett, The Honors College

Philip Cramer

Major: Supply Chain Management —
W. P. Carey School of Business
Second Major: Business (Law) —
W. P. Carey School of Business
Title: Analyzing Traditional Literature with Modern Practice
Director: Robert Bjork, College of Liberal Arts and Sciences

Gabrielle Elizabeth Cristelli

Major: Asian Languages (Chinese) —
 College of Liberal Arts and Sciences
 Second Major: Global Studies —
 College of Liberal Arts and Sciences
Title: Caoyang New Village: A Model for New Urban Development in China?
Director: Douglas Webster, College of Liberal Arts and Sciences

Devin Daley Crow

Major: Marketing —
 W. P. Carey School of Business
Title: Influences on Pamela Colman Smith in her Illustrations of the Rider-Waite Tarot Deck
Director: Oscar Giner, Herberger Institute for Design and the Arts

Lidia Csernak

Major: Biological Sciences
 (Genetics, Cell and Developmental Biology)
 — College of Liberal Arts and Sciences
Title: Evaluation of Epifinder App: An Epilepsy Diagnostic Tool
Director: Sharon Crook, College of Liberal Arts and Sciences

Michelle Catherine Culbertson

Major: Biochemistry —
 College of Liberal Arts and Sciences
Title: Exploring nuclease resistance and biological stability of threose nucleic acid
Director: Carlo Maley, College of Liberal Arts and Sciences

Samuel Levi Curl

Major: Mechanical Engineering —
 Ira A. Fulton Schools of Engineering
Title: An Experimental Study of the Effect of Induction and Exhaust Systems on a Vehicle's Fuel Efficiency
Director: Steven Trimble, Ira A. Fulton Schools of Engineering

Ethan Bradley Cuthbertson

Major: Psychology —
 College of Liberal Arts and Sciences
Title: An Evaluation of a Student-Driven Sexual Assault Intervention at Arizona State University
Director: Sarah Lindstrom Johnson, College of Liberal Arts and Sciences

Eshaan Jatin Daas

Major: Molecular Biosciences
 and Biotechnology —
 College of Liberal Arts and Sciences
Title: Investigating the relationship between the dendritic complexity of CA3 and CA1 neurons: A within-subject study following chronic stress, BDNF downregulation, and a post-stress recovery period
Director: Cheryl Conrad, College of Liberal Arts and Sciences

Kofi, Patrick Nelu Dampare

Major: Psychology —
 College of Liberal Arts and Sciences
Title: Dearest (X), an original novel Work by Kofi Nelu
Director: James Blasingame, College of Liberal Arts and Sciences

Rachel Lee Miller Davidson

Major: Computer Information Systems —
 W. P. Carey School of Business
Title: Effects of Cross-Cultural Experiences: A Study of Power Distance and Gender Differences in Cultural Adjustment
Director: Peggy Lee, W. P. Carey School of Business

Parker William Davis

Major: Electrical Engineering —
 Ira A. Fulton Schools of Engineering
Title: Solar Powered Hovercraft
Director: Mariana Bertoni, Ira A. Fulton Schools of Engineering

Mariam Dawoud

Major: Marketing —
 W. P. Carey School of Business
 Second Major: Finance —
 W. P. Carey School of Business
 Third Major: Psychology —
 College of Liberal Arts and Sciences
Title: Intel Collaborative Thesis Program
Director: Mark Simonson, W. P. Carey School of Business
Second Thesis: Consumer Behavior of Shopping for Luxury Items
Second Director: Dean Kashiwagi, Ira A. Fulton Schools of Engineering

Elinor Gabriela Day

Major: Anthropology —
 College of Liberal Arts and Sciences
Title: "I Know That I'm Not Permanent," Health Challenges of the Undocumented 1.5 Generation in the Greater Phoenix Community
Director: Emir Estrada, College of Liberal Arts and Sciences

Valerie Jean De Luca

Major: Biochemistry (Medicinal Chemistry)
 — College of Liberal Arts and Sciences
 Second Major: Biological Sciences (Genetics, Cell and Developmental Biology) —
 College of Liberal Arts and Sciences
Title: Evading Resistance: Measuring Melanoma's Rate of Adaptation to Different Targeted Therapies
Director: Melissa Wilson Sayres, College of Liberal Arts and Sciences

David Alexander Edgerton Dean

Major: Biochemistry (Medicinal Chemistry)
 — College of Liberal Arts and Sciences
Title: A Letter to My Brother
Director: James Klemaszewski, Ira A. Fulton Schools of Engineering

Brandon R Deatherage

Major: Health Sciences (Pre-Professional)
— College of Health Solutions
Title: Motor system integrity in older adults with autism spectrum disorder
Director: Michael McBeath, College of Liberal Arts and Sciences

Dylan Jerome DeBruin

Major: Chemical Engineering —
Ira A. Fulton Schools of Engineering
Title: Modeling the Effects of Particle Diameter on the Conductive Heat Transfer Profile of Silica Particles in a Rotary Drum
Director: Heather Emady, Ira A. Fulton Schools of Engineering

Nicholas Robert Deininger

Major: Aerospace Engineering (Astronautics)
— Ira A. Fulton Schools of Engineering
Title: The Future of the Space Industry with Regards to International Politics
Director: Joseph Foy, Barrett, The Honors College

Gabriela Margarita Della Corna

Major: Graphic Design —
Herberger Institute for Design and the Arts
Title: The Effect of Screen Time on Adolescent Development
Director: Alfred Sanft, Herberger Institute for Design and the Arts

Christopher Arnaud Dendy

Major: Global Studies —
College of Liberal Arts and Sciences
Title: The Structure of International Intellectual Property Agreements and their Effects on Developing States
Director: Henry Sivak, College of Liberal Arts and Sciences

Michaela Zae Denniston

Major: Nursing —
College of Nursing and Health Innovation
Title: Seizure Discharge Education for Pediatric Patients: An Online Platform
Director: Daniel Crawford, College of Nursing and Health Innovation

Ashtyn Nicole Dial

Major: English (Linguistics) —
College of Liberal Arts and Sciences
Title: Speech Events in Online Fanfiction
Director: Patricia Friedrich, College of Liberal Arts and Sciences

Angel Jose Diaz

Major: Industrial Engineering —
Ira A. Fulton Schools of Engineering
Title: Optimization of Incoming Inspection
Director: Daniel McCarville, Ira A. Fulton Schools of Engineering

Brandon Diaz

Major: Health Sciences (Pre-Professional)
— College of Health Solutions
Title: Project Sahelanthropus
Director: Lauren Savaglio, College of Health Solutions

Morgan Alette Dick

Major: Political Science —
College of Liberal Arts and Sciences
Second Major: Spanish —
College of Liberal Arts and Sciences
Title: Millennial Participation in Local Government: How Municipal Governments Can Increase Civic Engagement of Young People
Director: Paul Lewis, College of Liberal Arts and Sciences

 College of Liberal Arts and Sciences
Title: Characterization of Exosomes from Pediatric Cancer Cells
 Director: Douglas Lake, College of Liberal Arts and Sciences

Megan Kelly

Major: Global Studies —
 College of Liberal Arts and Sciences
Title: Geopolitics in the South China Sea: How Territory, Territoriality, and Sovereignty reflect China's Ambitions
 Director: Henry Sivak, College of Liberal Arts and Sciences

Rhys Partain Kelso

Major: Mechanical Engineering —
 Ira A. Fulton Schools of Engineering
Title: Mechanical Design of Optics System for Large Millimeter Telescope
 Director: Philip Mausekopf, College of Liberal Arts and Sciences

Nadaa Kemmou

Major: Exercise and Wellness
 (Fitness and Wellness Specialist) —
 College of Health Solutions
Title: Development of Joint Control During Drawing Movements in Childhood
 Director: Natalia Dounskaia, College of Health Solutions

Charles Orion Kennedy

Major: Speech and Hearing Science —
 College of Health Solutions
Title: Student to Student- A Guide to Anatomy
 Director: Jeffrey Kingsbury, College of Integrative Sciences and Arts

Kurosh Keyvani

Major: Computer Science —
 Ira A. Fulton Schools of Engineering
Title: The Relationship Between Players' Personalities and their Motivation to Immerse Themselves in PVP Games
 Director: Robert Atkinson, Ira A. Fulton Schools of Engineering

Nima Kiaei

Major: Electrical Engineering —
 Ira A. Fulton Schools of Engineering
Title: Athletic Shoe Incorporating an Embedded Force Measuring System
 Director: Sayfe Kiaei, Ira A. Fulton Schools of Engineering

Hannah Theresa Kiermayr

Major: Global Studies —
 College of Liberal Arts and Sciences
 Second Major: Global Health —
 College of Liberal Arts and Sciences
Title: What We Miss When We Define an Entire Human Experience With One Word: 'Homeless'
 Director: Mathew Sandoval, Barrett, The Honors College

Jonathan Patrick Kiermayr

Major: Biochemistry (Medicinal Chemistry) —
 College of Liberal Arts and Sciences
Title: The Effects of Environmental Changes on Rhannolipid Production in Pseudomonas aeruginosa
 Director: Heather Bean, College of Liberal Arts and Sciences

Natalie Angelina Kilker

Major: Global Studies —
 College of Liberal Arts and Sciences
Title: Addressing International Implications of Adverse Climate Impacts in the Arctic: A Case Study Analysis on the Challenge of Hazardous Waste Reintroduction due to Ice Melt at Camp Century, Greenland
 Director: Sonja Klinsky, School for the Future of Innovation in Society

Han Hee Daniel Kim

Major: Biological Sciences
 (Neurobiology, Physiology and Behavior) —
 College of Liberal Arts and Sciences
Title: The Combined Effects of PD-L1 and CTLA4 Antibody Blockade Mediated Immunotherapy and Radiation and/or Chemotherapy during the Treatment Regime for Metastatic Osteosarcoma
 Director: Joseph Blattman, College of Liberal Arts and Sciences

Jiwon Kim

Major: Nursing —
 College of Nursing and Health Innovation
Title: Oncology Integrative Medicine: Knowledge of College Nursing Students and their Instructors' Perspectives
 Director: Sunny Kim, College of Nursing and Health Innovation

Matthew Robert Klein

Major: Finance —
 W. P. Carey School of Business
Title: Apple Acquisition Considerations
 Director: Mark Simonson, W. P. Carey School of Business

Katelyn Ann Kline

Major: Chemical Engineering —
 Ira A. Fulton Schools of Engineering
Title: Development of ductile, amorphous metallic film at ambient conditions
 Director: Mary Laura Lind, Ira A. Fulton Schools of Engineering

Kurt Michael Knapp

Major: Supply Chain Management —
W. P. Carey School of Business
Second Major: Finance —
W. P. Carey School of Business
Title: An Analysis of the Craft Beer Industry
Director: Arthur Budolfson, W. P. Carey School of Business

Jeremy Joseph Knorr

Major: Computer Information Systems —
W. P. Carey School of Business
Title: Car Maintenance Android Application
Director: Altaf Ahmad, W. P. Carey School of Business

Jordan Daniel Kocher

Major: Mechanical Engineering —
Ira A. Fulton Schools of Engineering
Title: Thermal Energy Storage Using Organic and Metallic Phase Change Materials
Director: Robert Wang, Ira A. Fulton Schools of Engineering

Collin Michael Kofroth

Major: Mathematics —
College of Liberal Arts and Sciences
Title: Asymptotic Stability of Biharmonic Shallow Water Equations
Director: Don Jones, College of Liberal Arts and Sciences

Devann Marie Kohles

Major: Applied Biological Sciences —
College of Integrative Sciences and Arts

College of Liberal Arts and Sciences
Title: Human trafficking in Peru
Director: Magda Hinojosa, College of Liberal Arts and Sciences

Brittany Quynh Diep Le

Major: Biochemistry —
College of Liberal Arts and Sciences
Title: Chronic stress effects on the functional activation of the medial prefrontal cortex (mPFC) following two short-term memory paradigms
Director: Cheryl Conrad, College of Liberal Arts and Sciences

Thao Nguyen Minh Le

Major: Engineering (Mechanical Engineering Systems) — Ira A. Fulton Schools of Engineering
Title: Determination of a Shape- and Size-Independent Material Modulus for Honeycomb Structures made by Fused Deposition Modeling
Director: John Parsey, Ira A. Fulton Schools of Engineering

Robert William Leader

Major: Aerospace Engineering (Aeronautics) — Ira A. Fulton Schools of Engineering
Title: Automatic Area-Ruling of Aircraft Geometries
Director: Timothy Takahashi, Ira A. Fulton Schools of Engineering

Edward Sanroma LeBeau

Major: Electrical Engineering —
Ira A. Fulton Schools of Engineering
Title: All About Solar
Director: Michael Goryll, Ira A. Fulton Schools of Engineering

Thalia Karesse Lebratti

Major: Computer Information Systems —
 W. P. Carey School of Business
*Title: Medical Check-In System for
 Volunteer Organizations*
 Director: Altaf Ahmad, W. P. Carey School
 of Business

Kaitlyn Lee Leith

Major: Psychology —
 College of Liberal Arts and Sciences
 Second Major: English (Literature) —
 College of Liberal Arts and Sciences
*Title: The Importance of University Level
 Psychology Education for the Incarcerated*
 Director: Eric Amazeen, College of Liberal
 Arts and Sciences

Heather Nicole Lenk

Major: Biological Sciences
 (Conservation Biology and Ecology) —
 College of Liberal Arts and Sciences
*Title: Struggling for Coexistence: Mexican
 Wolves in the Southwest*
 Director: Andrew Smith, College of Liberal
 Arts and Sciences

Madeline Lent

Major: Chemical Engineering —
 Ira A. Fulton Schools of Engineering
*Title: Electrospinning Stimuli-Responsive Fibers
 at the Nanoscale as Functional Drug Delivery Mats*
 Director: Matthew Green, Ira A. Fulton Schools
 of Engineering

Miranda Cristina Leon

Major: Electrical Engineering —
 Ira A. Fulton Schools of Engineering
*Title: LoRa Weather Station: Monitoring weather
 in remote areas with low power, long range
 wireless RF technology.*
 Director: Michael Kozicki, Ira A. Fulton Schools
 of Engineering

Kevin Liao

Major: Computer Science —
 Ira A. Fulton Schools of Engineering
*Title: Toward Inductive Reverse Engineering of
 Web Applications*
 Director: Adam Doupe, Ira A. Fulton Schools
 of Engineering

McKenzie Bryn Liberty-Bibbens

Major: Biological Sciences —
 College of Liberal Arts and Sciences
*Title: The Utilization and an Evaluation of Health
 Services Provided by the Flying Samaritans at the
 Laguna de San Ignacio Clinic in Baja California
 Sur, Mexico*
 Director: Ben Hurlbut, College of Liberal
 Arts and Sciences

Lucas James Liddle

Major: Graphic Information Technology —
 Ira A. Fulton Schools of Engineering
*Title: Colloquium Student Scheduling &
 Tutoring Feedback*
 Director: Eric Oberle, Barrett,
 The Honors College

Christopher Ting-Yu Light

Major: Mechanical Engineering —
 Ira A. Fulton Schools of Engineering
*Title: Triangular Shape Factor for Pseudo-Steady
 State Flow of a Fractured Well*
 Director: Kangging Chen, Ira A. Fulton Schools
 of Engineering

Pimwadee Limsirichai

Major: Materials Science and Engineering
 — Ira A. Fulton Schools of Engineering
Title: Under the Camper Shell
 Director: Joseph Foy, Barrett, The Honors College

Richard Lin

Major: Electrical Engineering —
 Ira A. Fulton Schools of Engineering
*Title: Frequencies Applicable to Electric
 Field Imaging*
 Director: David Allee, Ira A. Fulton Schools
 of Engineering

Allison Maurine Lind

Major: Biomedical Engineering —
 Ira A. Fulton Schools of Engineering
*Title: Asexuality: The Shift from Pathologization
 to Normalization*
 Director: April Miller, Barrett, The Honors College

Jesse Rose Lindenberg

Major: Urban Planning —
 College of Liberal Arts and Sciences
Title: Queer Hamlet
 Director: Jullia Himberg, College of Liberal
 Arts and Sciences

Thomas John Lindgren

Major: Economics —
 W. P. Carey School of Business
 Second Major: Supply Chain Management
 — W. P. Carey School of Business
*Title: Issues and Strategies for Healthcare Value
 Analysis Teams*
 Director: Eugene Schneller, W. P. Carey School
 of Business

Megan Marie Lippincott

Major: Marketing (Digital and Integrated
 Marketing Communications) —
 W. P. Carey School of Business
 Second Major: Business Data Analytics —
 W. P. Carey School of Business
*Title: Evaluation of Updated Learning
 Environment for Sandra Day O'Conner College
 of Law*
 Director: Wendy Barnard, Mary Lou Fulton
 Teachers College

Raquel Marie Lippincott

Major: Computer Science —
 Ira A. Fulton Schools of Engineering
Title: The Application of Fractal Geometry in the Simulation of Nature
 Director: Dianne Hansford, Ira A. Fulton Schools of Engineering

Kelly Margaret Liska

Major: Biological Sciences (Conservation Biology and Ecology) —
 College of Liberal Arts and Sciences
Title: An Evaluation of the Inclusivity of the Conservation Biology and Ecology Major at Arizona State University
 Director: Ben Minter, College of Liberal Arts and Sciences

Luyao Liu

Major: Accountancy —
 W. P. Carey School of Business
 Second Major: Finance —
 W. P. Carey School of Business
Title: Analysis on Circuit Breaker Implementation
 Director: Mark Simonson, W. P. Carey School of Business

Alison Rose Llave

Major: Biomedical Engineering —
 Ira A. Fulton Schools of Engineering
Title: Engineering the Future: Enhancing the Profile of Biomedical Engineers as a Socially Relevant Discipline to Middle School Students
 Director: Tirupalavanam Ganesh, Ira A. Fulton Schools of Engineering

Regan Gabriella Locke

Major: Graphic Information Technology —
 Ira A. Fulton Schools of Engineering
Title: 2D & Live Action Integration
 Director: Laurie Ralston, Ira A. Fulton Schools of Engineering

Laura Elizabeth Lockhart

Major: Civil Engineering —
 Ira A. Fulton Schools of Engineering
Title: Development of a Mechanical Seismic Simulation Apparatus for College Engineering Education
 Director: Kristen Ward, Ira A. Fulton Schools of Engineering

Nathan Harry London

Major: Materials Science and Engineering —
 Ira A. Fulton Schools of Engineering
Title: Electrospinning Synthesis of Electrolytes for Solid-state Lithium-ion Batteries
 Director: Candace Chan, Ira A. Fulton Schools of Engineering

Vincent You Wei Loo

Major: Biochemistry (Medicinal Chemistry) —
 College of Liberal Arts and Sciences
Title: Targeting HDAC1 as a Potential Co-regulator of Olig2 in Glioma Cells
 Director: Joshua LaBaer, College of Liberal Arts and Sciences

Maggie Marie Lopez

Major: Mechanical Engineering (Energy and Environment) —
 Ira A. Fulton Schools of Engineering
Title: Effects of Electrode Surface Area Roughness on Power Output of Thermogalvanic Cells
 Director: Patrick Phelan, Ira A. Fulton Schools of Engineering

Stephen Thomas Lopez

Major: Health Sciences (Pre-Professional) —
 College of Health Solutions
Title: Energy Expenditure: Relationships Between Ghrelin And Body Composition In Healthy Young Men
 Director: Carol Johnston, College of Health Solutions

Jaime Lopez

Major: Chemical Engineering —
 Ira A. Fulton Schools of Engineering
Title: Trait-Based Modeling of Wetland Methanogen Communities
 Director: Hinsby Cadillo-Quiroz, College of Liberal Arts and Sciences

Jessica Marie Sarah Lubold

Major: Nutrition (Human Nutrition) —
 College of Health Solutions
Title: Brown Adipose Tissue Activity and its Role in Obesity Prevention
 Director: Lisa Morse, College of Health Solutions

Kristen Alexi Lucas

Major: Journalism and Mass Communication —
 Walter Cronkite School of Journalism and Mass Communication
 Second Major: Marketing (Digital and Integrated Marketing Communications) —
 W. P. Carey School of Business

Title: Dissolvable Metal Supports - Simplifying Metals Printing
Director: Owen Hildreth, Ira A. Fulton Schools of Engineering

The Moeur Award is Arizona State University's oldest, continuing honor. It was established in 1901 by Dr. Benjamin B. Moeur and Honor Anderson Moeur, and is now sponsored annually by the Arizona State University Alumni Association. The award is presented at each Commencement ceremony to those individuals who have attained the highest academic standing in any four-year curriculum during their undergraduate years at ASU.

MOEUR AWARD RECIPIENTS

MOHAMMED M. ALAJMI
Ira A. Fulton Schools of Engineering

HAMED ALATTAR
College of Liberal Arts and Sciences

ABDULLAH A D S ALJARRAH
Ira A. Fulton Schools of Engineering

TAYLOR JANAI ALLEN
Mary Lou Fulton Teachers College

PATRICK JAMES ALMHJELL

GRADUATION WITH ACADEMIC RECOGNITION

A baccalaureate degree candidate must have completed at least 56 semester hours of resident credit at Arizona State University to qualify for graduation with academic recognition.

Summa Cum Laude: Designates those candidates with a cumulative grade point average of 3.80 - 4.00 for the course work completed.

RECESSIONAL

ABOUT THE COLLEGE OF HEALTH SOLUTIONS

Arizona State University established the College of Health Solutions in May of 2012 as part of its strategic initiative to build a new model for health education. The college is a dynamic, growing, inter-professional enterprise that brings together the social and natural sciences, and humanities in the name of health. The college has experienced rapid enrollment growth and developed a number of new degree programs to satisfy the global demand for qualified health and health care professionals.

The multidisciplinary college includes the **School of Nutrition and Health Promotion, School for the Science of Health Care Delivery, International School of Biomedical Diagnostics, Department of Biomedical Informatics, Department of Speech and Hearing Science**, and programs in **Integrated Behavioral Health** and **Executive Education**.

The College of Health Solutions collaborates with academic units across the university as well as industry and community partners to drive change in health education, research and policy. Throughout each unit within the college, students have access to top-tier faculty, research facilities, and connectivity with allied programs committed to improvements in health outcomes and expanding patient access to care and resources that cannot be found at other universities.

More information can be found at chs.asu.edu.

COLLEGE OF INTEGRATIVE SCIENCES AND ARTS

The College of Integrative Sciences and Arts provides students across ASU with the knowledge and skills to comprehend and effectively engage the changing world of the 21st century at local, national and global levels.

We offer graduate and undergraduate degree programs that prepare students for a rapidly changing marketplace, as well as foundational instruction in humanities, social and natural sciences, mathematics, and professional fields. Our exploratory and major and career exploration programs empower students to find a major anywhere at ASU based on their interests, career goals and personality traits. Faculty support knowledge enterprise development by advancing research, clinical and creative activities that promote discovery, innovation and human understanding. The college is guided by the principles of student success, strategic partnerships within the university and the community, and interdisciplinary inquiry.

Theory, creativity and applied learning are integrated as students build entrepreneurial opportunities both inside the university and in their communities. In addition, the college serves the citizens of Arizona by offering a variety of outreach programs that engage people in cultural events and lifelong learning. The college is home to the Center for the Study of Race and Democracy, which serves as a leading interdisciplinary, problem-solving venture committed to engaged scholarship and information dialogue involving the topics of race and democracy.

RECESSIONAL

COLLEGE OF LIBERAL ARTS AND SCIENCES

As the intellectual powerhouse of Arizona State University, the College of Liberal Arts and Sciences fosters unmatched access, educational excellence and interdisciplinary inquiry to generate solutions for the changing world. Our diversity and dynamism ignite continued growth and development in any field of study, from space exploration and chemistry to history and justice studies, to create global citizens for the 21st century.

We unite our academic disciplines - the analytical ability of natural scientists, the creativity of humanities scholars and the curiosity of social scientists - to harness the power of our interdisciplinary nature. We encourage our students to follow their dreams, pursue their passions and accomplish their goals in order to create a better future for the next generation and beyond.

Our faculty personify a broad vision of legendary academic scholarship at the forefront of global innovation. They teach our scholars how to adapt to new challenges and a changing landscape so they're capable of tackling tomorrow's challenges with ease. Any institution of higher learning can train a student for a first job, but we'd rather create master learners who are equipped with the right knowledge and skills for a lifetime of success. The liberal arts and sciences remain the best foundation for successful careers and deeply rewarding personal and professional lives.

We transform learning, accelerate discoveries and change lives.

HONOR CORDS

Some of our undergraduate degree candidates wear maroon and/or gold honor cords. These cords designate students who have completed at least 56 resident credit hours at ASU and who have attained the following grade point averages:

Summa Cum Laude = Maroon and Gold cords, 3.80 to 4.0 GPA

Magna Cum Laude = Gold cord, 3.60 to 3.79 GPA

Cum Laude = Maroon cord, 3.40 to 3.59 GPA

CLOSING REMARKS

RECESSIONAL

COLLEGE OF NURSING AND HEALTH INNOVATION

The growth of ASU’s College of Nursing and Health Innovation reflects our desire to do more, serve more and sustain innovation. Our mission drives us to offer the highest quality academic, research and clinical practice programs so that we can produce the next generation of evidence-based health professionals who will excel as clinicians, teachers, health advocates and researchers.

The challenges that permeate our health care system require innovative solutions that will positively impact patients and entire systems, locally and globally. Our curriculum and clinical experiences expose students to different types of delivery systems, equipping them with the tools and knowledge that will unleash their innovative thinking from day one. Interprofessionalism guides us as we build programs and curriculum to meet the needs of future health professionals. Our graduate and undergraduate programs continue to expand with a focus on program design and delivery that prepares graduates to work collaboratively within complex and dynamic patient care and health delivery systems.

Our online programs continue to expand access to the highest quality education as we focus on adopting new and better instructional tools while ensuring the rigor and quality that characterize the reputation of our programs.

ABOUT THE PhD PROGRAM

Program Director: **Bronwynne Evans, PhD, RN, FNGNA, ANEF, FAAN**

The PhD Program in Nursing and Health Innovation, one of only four interdisciplinary programs in nursing in the country, provides an academic environment that fosters scholarship, critical thinking, and creativity. Scholars who wish to develop advanced leadership skills in innovation, research, education, health care delivery, and policy issues can learn to generate and apply knowledge across practice settings.

ABOUT THE DOCTOR OF NURSING PRACTICE PROGRAM

Program Director: **Donna Velasquez, PhD, RN, FNP-BC, FAANP**

The Doctor of Nursing Practice (DNP) degree was established at Arizona State University in 2008. The Doctor of Nursing Practice degree is a practice-focused degree that prepares graduates to practice at the most advanced level of nursing. This program prepares nurse practitioners and nurse leaders to positively impact health outcomes at the individual and organizational level.

ABOUT THE MASTER OF SCIENCE IN NURSING PROGRAMS

Program Director: **Pauline Komnenich, PhD, RN**

ASU remains on the cutting edge in preparing nurse educators for 21st century nursing education through its innovative program. The MS, Nurse Educator (NED) concentration at the College of Nursing and Health Innovation is a pathway designed to prepare the new and experienced nurse to meet demands of the changing health care environment.

ABOUT THE MASTER OF SCIENCE, CLINICAL RESEARCH MANAGEMENT PROGRAM

Program Director: **JoAnn Pfeiffer, DrSC**

The Master of Science in Clinical Research Management (CRM) degree program prepares students to take the next step in their clinical research career by focusing their studies in the elements of leadership within the research industry. The CRM program is focused on management and leadership development in the pharmaceutical, medical device, research site, research institute, academic medical center, hospital, medical office, or other clinical research or drug development industry.

ABOUT THE HEALTHCARE INNOVATION PROGRAM

Program Director: **Rick Hall, PhD, RDN, FAND**

The Master of Healthcare Innovation degree program (MHI) is an interdisciplinary degree designed to prepare students to design, implement and lead transformation in health care. Students in this fully online program come from a wide variety of professions including health sciences, architecture, nutrition, exercise, engineering, business administration, journalism, the humanities, all with an interest in leading innovation in health and health care. Students search for and implement sustainable solutions for today's health care issues with an eye to the future within an interdisciplinary environment.

ABOUT THE BACHELOR OF SCIENCE IN NURSING PROGRAM

Program Director: **Kimberly Vana, DNP, RN, FNP-BC, FNP-C**

The Bachelor of Science in Nursing (BSN) degree prepares beginning professional nurses who possess the theoretical foundation and the clinical competence to function in various health care settings. Graduates of ASU's nursing degree programs are prepared to respond to the vast and changing health care needs of individuals and communities. The Traditional and Year-Round Pre-licensure Nursing Programs are 8-semester programs, in which students advance to the upper-division clinical nursing program for their final four semesters. The Post-Baccalaureate Clinical Nursing Program (PBCNP) is available to students who have earned a Bachelor's degree in another discipline but desire to have a BSN degree.

ABOUT THE RN-BSN PROGRAM

Program Director: **Diann Muzyka, PhD, RN**

The online RN-BSN program builds on the knowledge and skills the student learned in their associate degree or diploma program, especially in the areas of evidence based practice, leadership and management, and community/public health. The interactive course assignments enhance the student's written and verbal communication skills, clinical reasoning skills, teamwork, and information technology skills. Students will integrate new knowledge into their nursing practice.

ABOUT THE CONCURRENT ENROLLMENT PROGRAM

Program Director: **Diann Muzyka, PhD, RN**

The Concurrent Enrollment Program (CEP) is designed for qualified nursing students who are interested in earning their BSN degree from ASU while simultaneously pursuing their Associate of Applied Science (AAS) in Nursing degree through a participating community college. The CEP is a rigorous program with a plan of study that enables students to build on the knowledge and skills learned in the AAS in nursing program.

ABOUT THE BACCALAUREATE HEALTH PROGRAM

Program Director: **Brenda Hosley, PhD, RN, CNE**

The Baccalaureate Health Programs consist of three degrees: Bachelor of Science in Integrative Health, Community Health or Health Care Coordination. Each of the three degrees prepare students to be part of the health care team. Graduates of the program are prepared to collaborate with individuals, families and communities regarding changes to the health care system. This includes health education, health promotion, care coordination, disease management, health care navigation and advocacy services as well as assisting patients in obtaining services, understanding policies and making health care decisions. They will be prepared to coordinate resources to optimize individual health outcomes while navigating the delivery of health care.

RECESSIONAL

COLLEGE OF PUBLIC SERVICE AND COMMUNITY SOLUTIONS

The College of Public Service and Community Solutions is made up of four schools and multiple research centers—all with a shared goal of advancing research and discovery of public value, and furthering the economic, social, cultural and overall health of the communities that we serve.

Our degree programs cover the spectrum of public service, including public policy, social work, criminology and criminal justice, nonprofit leadership, emergency management, community development and more. We are preparing a workforce to take on complex issues. At the same time, our students are making a difference today. Through service-based learning, they put ideas into action.

Our research addresses challenges that affect us both locally and globally. We are developing solutions to issues ranging from child welfare to neighborhood safety, city management to human trafficking, water scarcity to tourism development. Together, we bring creativity, systems-level thinking and entrepreneurial spirit to our mission of creating, sustaining and promoting dynamic, prosperous communities.

THE SCHOOLS IN THE COLLEGE OF PUBLIC SERVICE AND COMMUNITY SOLUTIONS

The School of Community Resources & Development advances the social, economic, environmental and cultural well-being of our local and global communities through instruction, discovery and service. We provide nationally recognized interdisciplinary research expertise and innovative academic programs with community development as our foundation. Our focus areas include community sports management, nonprofit leadership and management, parks and recreation management, and tourism development and management. Together, we make communities better places to live, work, play and visit.

The School of Criminology & Criminal Justice is one of the most respected in the field. Our program is rooted in the study of the causes of crime and systemic response to it. The core of the program focuses on the theories of criminality and evidence-based practices for responding to crime through the lenses of the three inter-related structures—policing, courts and corrections—that collectively comprise the criminal justice system. We prepare graduates for leadership and policy positions at the local, state and federal level.

The School of Public Affairs develops outstanding public leaders; people who are committed to making a difference in our world and who are well prepared to meet the rigorous demands and substantial challenges of the future. We maximize our impact through transdisciplinary research, project-based education, collaborative community engagement and innovative solutions. The only public administration program in the Phoenix area to be accredited by the National Association of Schools of Public Affairs and Administration (NASPAA), we are consistently ranked among the top 20 public affairs schools in the country.

The School of Social Work is one of the largest and most diverse social work programs in the world. We are committed to promoting social, political and economic justice with special emphasis on populations of the Southwest. We prepare social work practitioners and scholars who are committed to enhancing individual, family and group problem-solving capacities, maximizing human potential, and creating a more just and humane society.

WELCOME

Steven Tepper, Dean

GREETINGS FROM THE FACULTY

David Schildkret, Professor
School of Music

PRESENTATION OF DEGREE RECIPIENTS

Jake Pinholster, Associate Dean for Policy and Initiatives
Sandra Stauffer, Associate Dean for Academic Personnel

CLOSING REMARKS

Steven Tepper, Dean

RECESSIONAL

ABOUT THE HERBERGER INSTITUTE FOR DESIGN AND THE ARTS

The Herberger Institute for Design and the Arts is the largest comprehensive design and arts school in the nation, located within a dynamic 21st-century research university.

With 5,000+ students, more than 675 faculty and faculty associates, nearly 160 staff members, 125 degrees and a tradition of top-ranked programs, the Herberger Institute is committed to redefining design and arts education in the 21st-century. Our college is built on a combination of disciplines unlike any other program in the nation, comprising schools of art; arts, media and engineering; design; film, dance and theatre; and music; as well as the ASU Art Museum. The ASU Art Museum supports research initiatives in addition to diverse community engagement projects that enable students and faculty to interact with the public through meaningful partnerships. This unique array of disciplines allows for distinctive opportunities for collaboration.

Our faculty lead students in an exploration of the issues affecting society today and in the future — the contemporary human condition — through design thinking, creative practice and research. We are continually striving to enable design and arts students to succeed beyond graduation.

The Institute is dedicated to the following design principles:

Creativity is a core 21st-century competency. Our graduates develop the ability to be generative and enterprising, to work collaboratively within and across artistic fields and to generate non-routine solutions to complex problems. With this broad exposure to creative thinking and problem-solving, our graduates are well prepared to lead in every arena of our economy, society and culture.

Design and the arts are critical resources for transforming our society. Artists must be embedded in their communities and dedicate their creative energy and talent to building, reimagining and sustaining our world. Design and the arts must be socially relevant and never viewed as extras or as grace notes. The Herberger Institute is committed to placing artists and arts-trained graduates at the center of public life.

The Herberger Institute is committed to enterprise and entrepreneurship. For most college graduates today, the future of work is unpredictable, nonlinear and constantly evolving. A recent study found that 47 percent of current occupations will likely not exist in the next few decades. At the Herberger Institute, our faculty, students and graduates are inventing the jobs and the businesses of the future; reimagining how art and culture get made and distributed; and coming up with new platforms and technology for the exchange of culture and the enrichment of the human experience. The legendary author and expert on city life Jane Jacobs talks about the abundance of "squelchers" — parents, educators, managers and leaders who tend to say no to new ideas. At the Herberger Institute, there are no squelchers. We embrace the cardinal rule of improvisation — always say: "Yes, and..."

Every person, regardless of social background, deserves an equal chance to help tell our nation's and our world's stories. Our creative expression defines who we are, what we aspire to and how we hope to live together. At the Herberger Institute, we are committed to projecting all voices – to providing an affordable education to every student who has the talent and the desire to boldly add their creative voice to the world's evolving story.

Effectiveness requires excellence. We know that our ability to solve problems, build enterprises and create compelling and socially relevant design and art requires high levels of mastery. By being the best in our chosen fields, we can stretch ourselves and our talents to make a difference in the world.

We encourage all of our alumni to continue to share their stories with us and to take an active role in the Herberger Institute Alumni Chapter. For more information on our alumni activities, please visit herbergerinstitute.asu.edu/alumni. Connect with fellow design and arts alumni on LinkedIn, Facebook and Twitter.

Informatics, and Decision Systems Engineering

CLOSING

ENGINEERING AT ARIZONA STATE UNIVERSITY

The Ira. A Fulton Schools of Engineering, ranked in the top 50 U.S. engineering schools, are home to more than 300 faculty and more than 20,300 students. The Fulton Schools were awarded over \$99 million in externally funded research awards in fiscal year 2016.

In 2015-2016, the Fulton Schools granted 3,541 undergraduate and graduate degrees. Today, more than 54,000 Fulton Schools alumni are advancing the fields of engineering and technology in Arizona and around the world.

To produce the engineers and innovations needed to address society's changing needs, we have crafted a visionary blueprint for an engineering school that transcends traditional organization around degrees and disciplines, and fosters a transdisciplinary approach to teaching and research. Through our six schools, we offer 25 undergraduate and 39 graduate degree programs that encourage innovative collaboration across disciplines, with faculty and students alike developing solutions that will have significant, lasting impact on our local and global communities. In addition to online options for degree programs including electrical engineering, software engineering and more, we offer professional development programs like Six Sigma.

The School of Biological and Health Systems Engineering provides a rich, interdisciplinary curriculum that prepares students to use engineering and scientific principles and methods to develop instrumentation, materials, diagnostic and therapeutic devices, artificial organs or other equipment and technologies needed in medicine and biology. Our biomedical engineering degree program strives to produce graduates with a broad-based education in both engineering and the life and natural sciences, with a focus on improving the overall quality of global healthcare. Graduates from the biological design doctoral program are creative thinkers prepared to work at the intersection of biology, engineering and computing to advance human health and quality of life.

The School of Computing, Informatics, and Decision Systems Engineering is home to computer engineering, computer science, computer systems engineering, engineering management, industrial engineering and informatics degree programs. From data to decisions, we cover the spectrum for designing the modern, information-driven society, engaging in the fundamental activities of sensing, optimizing, controlling and communicating. Computing serves as the engine that drives this transformation, linking together our school's fundamental activities. We are dedicated to creating new knowledge and technology that contributes to solving the major problems facing modern society.

The School of Electrical, Computer and Energy Engineering brings together university faculty, students and companies to develop collaborative relationships and solutions. Our computer engineering and electrical engineering degree programs and research efforts are aligned with national and international efforts to address

worldwide challenges in energy production and distribution, healthcare technology and delivery, sustainable development and economic growth, communications technology and information management and global security.

The School for Engineering of Matter, Transport and Energy leverages the synergy of engineering and science to develop new knowledge and technologies, and create innovative solutions to society's most pressing problems in energy, human health, public safety, exploration, environmental infrastructure and sustainability. Degree programs in aerospace engineering, chemical engineering, materials science and engineering, mechanical engineering, and solar energy engineering and commercialization are offered. We have gathered together a broad range of disciplines and world-class faculty members who are engaged in cutting-edge research, all of which contributes to a unique educational experience.

The School of Sustainable Engineering and the Built Environment provides a nexus for education and research that address the critical infrastructure needs of our society in an environmentally sound manner. The holistic approach in our degree programs covers the engineering expertise of civil, environmental and sustainable engineering, the design and construction principles of construction engineering and the project management and leadership skills of construction management.

The Polytechnic School is organized into seven academic programs that offer a breadth of engineering and technology-related degrees. The programs thrive under the guidance of more than 100 faculty members with deep expertise and industry experience in the important technological challenges that society faces. Located in the dynamic, growing Gateway region on the southeast edge of the Greater Phoenix metropolitan area, the school is home to some of the most advanced learning laboratories available to students on any university campus.

Ira A. Fulton

Chairman of the Board and CEO, Fulton Homes

Ira A. Fulton, founder and CEO of Arizona-based Fulton Homes, established an endowment of \$50 million in support of ASU's College of Engineering and Applied Sciences in 2003. The college was renamed the Ira A. Fulton Schools of Engineering in his honor. The gift has enabled the Fulton Schools to provide funding for scholarships, fellowships, research programs and investments in faculty, all integral to the school's goal to move from its position as a highly ranked U.S. program into the ranks of world-class institutions.

“With this endowment, we are building an engine of educational and economic growth that will endure for generations. It is a gift of opportunity, prosperity, social equality and hope.” – Ira A. Fulton

MARY LOU FULTON TEACHERS COLLEGE
(Established 1885 as the Arizona Territorial Normal School)

CAROLE G. BASILE, PhD
Dean

SHERMAN DORN, PhD
Director, Division of Educational Leadership and Innovation

IDA MALIAN, PhD
Associate Dean, Academic Affairs
Interim Director, Division of Teacher Preparation

PUNYA MISHRA, PhD
Associate Dean, Scholarship and Innovation

NANCY J. PERRY, PhD
Associate Dean, Office of Grants and Partnerships

MEREDITH TOTH, PhD
Assistant Dean, Online Learning

MARY LOU FULTON TEACHERS COLLEGE CONVOCATION

2:00 p.m., Friday, May 12, 2017
Wells Fargo Arena
ASU Tempe campus

PROCESSIONAL

Grand Marshal
Carole G. Basile, Dean

SPECIAL GUESTS

Dr. Ira A. Fulton and Wendy Umbrianna

**Mary Lou Fulton Teachers College
Gonfalon Carrier and
2017 Outstanding Graduate Award Recipient**
Veronica Daigle

Milken Educator Award Recipient
Timothy Thomas

2017 Superintendent of the Year
Debbi Burdick, PhD
Cavecreek Unified School District '93

MASTER OF CEREMONIES

Frank Serafini, PhD, Professor

ABOUT MARY LOU FULTON TEACHERS COLLEGE

WHY WE EXIST

ASU’s Mary Lou Fulton Teachers College creates knowledge, mobilizes people and takes action to improve education.

WHAT WE DO

Drawing from a wide range of academic disciplines, we inspire creative thinkers to integrate ideas and practices into new and effective combinations that help us solve problems in education. In communities, we nurture a vibrant ecosystem of relationships that provides environments for us to test, refine and scale next practices for improving education. In individuals, we develop the skills of creative intrapreneurship so they can bring people and ideas together to ignite meaningful change.

HOW WE DO IT

Consistent with the charter and goals of ASU, and in line with the design principles of the New American University, we hold to four core values in pursuit of our mission. We:

- Pursue excellence at scale to achieve impact.
- Exercise leadership through innovation.
- Champion diversity of people and ideas.
- Share responsibility for the strength of communities.

MARY LOU FULTON (1933 – 2015)

Anyone fortunate enough to have known Mary Lou Fulton — to celebrate with her and take pride in students’ accomplishments — is grateful to have had that privilege. So much of what we do at our college is an expression of her commitment to education and to providing the best possible opportunities for the greatest number of people.

Mary Lou said that, ever since she was very young, she was “in love with life.” That’s a perspective we hope all our graduates take with them into the next chapter of their lives and, especially, into their work with children.

Entrusted to manage an institution that bears the name of Mary Lou Fulton, all of us at the college strive to be worthy of her legacy. She will always be our inspiration to be the best that we can be.

MESSAGE TO THE NEW COLLEGE GRADUATES

Congratulations on your extraordinary achievement! The faculty and staff of New College offer our sincere best wishes for your continued personal and professional success. We all look forward to seeing your work in the world; we know you will make your mark as an ASU New College graduate. Today, you join a prestigious body of New College and ASU alumni, who have shared in some of the same remarkable experiences. Please stay in touch with us by joining the ASU Alumni Association, so we can continue to celebrate your triumphs and share the journey of our new students with you. You can take advantage of special new graduate membership rates (\$25 annual or \$300 lifetime dues) and become an active member of the ASU Alumni Association at www.asu.edu/alumni.

ABOUT THE NEW COLLEGE

The New College of Interdisciplinary Arts and Sciences offers a nationally unique environment: a small college experience with the power of ASU's major research university resources. Working one-on-one with our cutting-edge faculty—often through our New College Undergraduate Inquiry and Research Experience program (NCUIRE), our students reshape the boundaries of knowledge in their fields of study. This prepares them for a future of reshaping the world outside of ASU.

New College was founded on a “new” way of thinking about the academy. Instead of reproducing the intellectual silos that separate fields of study in other institutions, our programs have been structured on the notion that if we break down the barriers between fields, we can think in more innovative ways, do more path-breaking work, offer more effective solutions to real-world problems. From our Interdisciplinary Arts and Performance degree that teaches students many forms of artistic expression and then asks into what mode a concept should be born; to our Forensics degree that brings together fields like chemistry, psychology, and legal studies; to our Social Justice and Human Rights degree that explores sociological, historical, and contemporary cultural analyses of the issues, New College offers educational experiences that transcend more limited ways of thinking about the world.

The mission of New College is to prepare students to succeed in a globalized, diverse economy by providing them with solid disciplinary foundations that are coupled with an ability to think and act constructively across disciplines to discover answers to the complex problems that face society today and to create civic and economic well-being, within contexts ranging from the local to the global.

New College’s programs build on the philosophy that inter-, multi-, and transdisciplinary education enhances our graduates’ ability both to address the needs of business, industry, schools, and communities of this region and to meet the challenges of the twenty-first century. New College’s Bachelor of Art and Bachelor of Science degrees include: American Studies; Applied Computing; Applied Mathematics; Applied Science; Biology; Biology—Environmental Science; Biology—Forensics; Biology—Pharmacology/Toxicology Communication; English; English—Secondary Education; Environmental Science; Ethnicity, Race & First Nations Studies; Forensic Science; History; History—Secondary Education; Interdisciplinary Arts & Performance; Interdisciplinary Arts & Sciences; Latin American Studies; Philosophy, Religion & Society; Political Science; Psychology; Psychology (Forensic Psychology); Psychology (Online); Social & Behavioral Sciences; Social & Cultural Analysis; Social and Cultural Analysis—American Studies; Social and Cultural Analysis—Ethnicity, Race, and Indigenous Studies; Social and Cultural Analysis—Latin American Studies; Social and Cultural Analysis—Peace Studies; Social and Cultural Analysis—Queer and Sexuality Studies; Social and Cultural Analysis—Women and Gender Studies; Sociology; Spanish; Statistics; and Women & Gender Studies. New College offers Master of Art degrees in Communication Studies, English, Interdisciplinary Studies, Social Justice & Human Rights, and Social Technologies and a Master of Science in Psychology.

ABOUT THE SCHOOL FOR THE FUTURE OF INNOVATION IN SOCIETY

Established in 2015, the School for the Future of Innovation in Society educates new generations of students to make innovation the object of systematic study. With our interdisciplinary faculty, students study the promises and challenges of new technologies and the big ideas that change our lives each day, and they explore how decisions we make today about innovations will transform the world around us. We see our efforts and those of our students as part of a larger social fabric – local, regional, national, global – that informs our wants and needs about innovation. We are planning now for the kinds of futures that we want to inhabit. More information can be found at sfis.asu.edu.

CLOSING REMARKS

RECESSIONAL

ABOUT THE SCHOOL OF SUSTAINABILITY

Established by the Arizona Board of Regents in 2006, the nation's first School of Sustainability enters its second decade educating a new generation of scholars and practitioners. It creates innovative modes of scholarship by bringing together leaders, stakeholders and people from multiple disciplines to develop practical solutions to the most pressing sustainability challenges.

The school offers graduate programs leading to Master of Science, Master of Arts, Master of Sustainability Solutions, Master of Sustainability Leadership, Executive Master of Sustainability Leadership and Doctor of Philosophy degrees in sustainability, as well as undergraduate programs leading to Bachelor of Science and Bachelor of Arts degrees in sustainability. Degree programs focus on collaborative learning, transdisciplinary approaches and solution-oriented training to address sustainability challenges relating to areas such as energy and materials, water, ecosystems, urbanization, international development, social transformations, climate and food systems.

The School of Sustainability is a unit of the Julie Ann Wrigley Global Institute of Sustainability — the hub of Arizona State University's sustainability initiatives and the world's most innovative sustainability laboratory. The institute advances solutions, engagement, education and research for a better world. Both the school and the institute initiate and nurture work on issues of sustainability across the university and collaborate with other academic institutions, governments, businesses and industries, as well as community groups locally, nationally and globally. To learn more, please visit sustainability.asu.edu and schoolofsustainability.asu.edu.

ABOUT THUNDERBIRD SCHOOL OF GLOBAL MANAGEMENT

Thunderbird has been one of the top-ranked international business schools, regardless of the publication or category, for decades. With 70 years of experience, Thunderbird continues to develop leaders with the global mindset, business skills and social responsibility necessary to create real, sustainable value for their organizations, communities and the world. Committed to teaching students to lead and live as global citizens, in 2006 Thunderbird became the first graduate business school to adopt an official “Oath of Honor.” The school is sought out by graduate students, working professionals and companies worldwide seeking to gain the leadership skills they need to succeed in today’s global economy.

The graduate school was built on the site of Thunderbird Field I, an historic airbase established to train American, Canadian, British and Chinese pilots during World War II. The remnants of that earlier time can still be seen on the modern campus in a number of landmark buildings, including the airfield control tower, barracks and airplane hangar.

Following the war, the deactivated airbase was obtained at no cost from the U.S. government for use as an educational institution. The founders were three retired officers of the U.S. Army Air Forces, including Lt. General Barton Kyle Yount (1884-1949), former head of the U.S. Army Air Training Command. They wisely perceived that after the war there would be a growing need for managers who were educated to conduct international business. They also knew that to do business on a global scale, executives must not only know the intricacies of business, but they must also appreciate the customs and understand the language of the country in which they were doing business. They envisioned a unique school – the first school of business to focus exclusively on international management. That vision became reality on April 8, 1946, when the American Institute for Foreign Trade was incorporated as a nonprofit organization. After national publicity put the spotlight on the School, the doors opened on October 1, 1946, with 285 students in the first class. Following graduation on June 14, 1947, they went on to careers in Latin America as well as numerous other regions of the world.

Throughout its history, Thunderbird has remained the leader in international business education by offering a cutting-edge curriculum taught by faculty who are recognized as global thought leaders in their respective areas of expertise. The school's uniqueness draws the very brightest and globally minded students from cultures throughout the world. And, through its partnership with Arizona State University, the School promises to grow even stronger. For those who seek an educational opportunity in an environment focused on global engagement, Thunderbird continues to deliver on its promise of creating global prosperity and global opportunity. Thunderbird offers both graduate and undergraduate degrees as well as executive education in locations around the globe, with its main campus in Glendale, Arizona and offices in Geneva, Dubai, and Moscow.

WALTER CRONKITE SCHOOL OF JOURNALISM AND MASS COMMUNICATION

About the School

The Cronkite School is widely recognized as one of the nation's premier professional journalism programs. Rooted in the time-honored values — accuracy, responsibility, objectivity, integrity — that characterize its namesake, the school fosters journalistic excellence and ethics among students as they master the practical professional skills they need to succeed in the digital journalism world of today and tomorrow.

The Cronkite School's 1,700 students consistently lead the country in national competitions. Over the past decade, Cronkite has been No. 1 in the nation in the Society of Professional Journalists' Mark of Excellence competition and the Broadcast Education Association's Festival of Media Arts awards and has finished in the top 10 in the Hearst Journalism Awards each year. Cronkite students annually win more than 100 journalism and public relations awards.

Students are guided by a faculty that is made up of both award-winning professional journalists and world-class media scholars. Cronkite professors include Pulitzer Prize-winning journalists, digital media thought leaders, top TV producers and correspondents, major metropolitan newspaper editors and strategic communications experts. They are master teachers, writers and scholars who often speak around the globe on the most important topics facing journalism today.

The Cronkite School continues to lead the field of journalism education with its innovative use of the "teaching hospital" method, providing both unparalleled learning opportunities for students and important news content to the community, state, region and nation. Arizona PBS, one of the nation's largest public television stations, is the largest media outlet operated by a journalism school in the world. Arizona PBS serves as a hub for the Cronkite School's full-immersion professional programs and a testing ground for new approaches in journalism.

Cronkite students participate in a dozen professional immersion programs, applying what they have learned in the classroom in real-world learning environments. Students cover the most important issues of the day from public affairs news bureaus in Phoenix and Washington. For Arizona PBS, they produce a nightly newscast that reaches 1.9 million households as well as a robust multimedia news website featuring in-depth regional stories. Recently, the school launched Cronkite Noticias, a new digital Spanish-language platform for reporting on issues critical to Arizonans.

Students in the Public Relations Lab develop campaigns for client companies, while Carnegie-Knight News21 multimedia journalists conduct national data-driven investigations into issues critical to Americans. In the Public Insight Network Bureau, students work with professional news organizations to deepen their connections to audiences, and in the New Media Innovation and Entrepreneurship Lab, they use digital technologies to forge the future of journalism.

More than 100 students in many of these professional immersion programs recently collaborated to create a statewide TV special on the deadly problem of prescription painkillers. “Hooked Rx: From Prescription to Addiction” was broadcast on all 32 major television stations in Arizona and 100 radio stations in English and Spanish. The documentary followed up on issues raised in the 2015 Alfred I. duPont-Columbia University Award-winning “Hooked: Tracking Heroin’s Hold on Arizona.”

Elsewhere at the school, the Donald W. Reynolds National Center for Business Journalism provides education and training to professional journalists and Cronkite Global Initiatives brings international journalists to the school for study and training.

All of these initiatives take place in a state-of-the-art building that is unparalleled in journalism education. ASU’s investment in the school has generated national and international attention from educators and media professionals who place the school in the top tier of all U.S. journalism schools. The Times of London, The New York Times and USA Today have pointed to the Cronkite School as a leading example of changes taking place at journalism schools across the country. These prestigious publications called the Cronkite School a pioneer, kindling a notion of new media that will shape how news is delivered and how people will stay informed in the future.

About Walter Cronkite

ASU’s journalism program was named in honor of former CBS News anchor Walter Cronkite in 1984.

The relationship started when Tom Chauncey, longtime owner of the CBS affiliate in Phoenix and a leading supporter of journalism education at ASU, contacted his old friend in an effort to advance the program. An endowment on behalf of the program was soon established and the school was named after “the most trusted man in America.”

Over the next quarter of a century, Cronkite lent much more than his name to the school. He was closely involved — advising leadership, guiding students and faculty and traveling to Arizona each year to personally give the Walter Cronkite Award for Excellence in Journalism to one of the nation’s top journalists. The most special relationship, though, was with “our students,” as Cronkite would always call them. Young women and men, some with parents barely old enough to remember Cronkite behind the anchor desk, lit up when he walked into a classroom. They hung on his every word as he thoughtfully answered their questions about the profession he so loved. They lined up just to shake his hand, and he loved every minute of it.

In what turned out to be Cronkite's last visit to ASU in 2007 before declining health prevented him from traveling, a group of 100 students gathered with just a few minutes of notice that Cronkite was in the building. He held them spellbound as he spoke about covering World War II, Vietnam, Apollo, Watergate and presidents from Truman to Reagan — and of how important “our school” was to him. Although Cronkite died on July 17, 2009, before he was able to visit the new building, he remains an ever-present part of the school's heartbeat and direction.

In November 2016, the Cronkite School, CBS News and the Newseum celebrated the 100th anniversary of the birth of Cronkite with a large-scale celebration, featuring Cronkite School alumni and some of the nation's top journalists, including Gwen Ifill, Scott Pelley, Bob Schieffer and Lesley Stahl.

Cronkite's legacy lives on in the spirit and passion with which the school teaches both the skills to do journalism in today's media environment and the time-honored ethics and news values necessary to do it in the manner that would make him proud.

The Cronkite School has established a special memorial fund in Cronkite's name. For more information on the fund and to learn more about Cronkite's legacy and career, visit cronkite.asu.edu/rememberingcronkite.

About Our Graduates

The Cronkite School has more than 10,000 alumni throughout the Valley, across the country and around the world. Many are leaders in television, digital media, newspapers, radio, magazines and public relations.

In 1993, the Cronkite School inducted its first class into the Cronkite Alumni Hall of Fame. The charter inductees were Al Michaels ('66), an Emmy Award-winning sports broadcaster best known for anchoring “Monday Night Football,” and Bill Redeker ('71), an ABC News correspondent who covered the Middle East and the Far East during his 30 years with the network.

Other notable Cronkite Alumni Hall of Fame inductees include Becky Anderson ('94), CNN International anchor; Julie Cart ('98), Pulitzer Prize-winning Los Angeles Times reporter; Derrick Hall ('91), president of the Arizona Diamondbacks; Christine Devine ('87), news anchor at FOX 11 in Los Angeles; Mary Kim Titla ('85), founder of Native Youth Magazine; Ray Artigue ('76), president of The Artigue Agency; and Chip Dean ('77), director of ESPN's “Monday Night Football.”

Stay connected to fellow #CronkiteNation alumni on LinkedIn, Facebook and Twitter.

ABOUT THE W. P. CAREY SCHOOL OF BUSINESS

The W. P. Carey School of Business at Arizona State University is one of the highest-ranked and largest business schools in the United States. The school is internationally recognized for its leadership in business education and for positively impacting the practice, science, and art of management on a national and international scale. The school works to rethink the nature of business, engage the world, and create a better future.

More than 14,000 students attend the W. P. Carey School of Business, including about 50 National Merit Scholars and more than 100 doctoral candidates. The student body is especially diverse, including representatives from more than 100 countries.

The W. P. Carey School boasts an acclaimed faculty of more than 250 esteemed instructors and researchers, including a Nobel Prize winner. Many faculty members are also on the editorial boards of academic journals and publications. Housed within the school are nine respected research centers and a research institute, which generate research, ideas, and information that support academics and business professionals and are internationally recognized for research productivity.

Both the school's graduate and undergraduate programs are ranked among the best in the nation. The undergraduate program is ranked No. 27 by *U.S. News & World Report*, while the Online MBA is ranked No. 5 and the Full-time MBA is ranked No. 25 in the country. The school is also known for providing excellent return on investment at both the undergraduate and graduate levels.

Undergraduate Bachelor of Science degrees are offered in 10 areas: accountancy, business data analytics, business entrepreneurship, computer information systems, economics, finance, management, marketing, supply chain management, and technological entrepreneurship and management.

Undergraduate students also have the option of earning a Bachelor of Arts degree in business with concentrations in business administration, Chinese language and culture, communication, food industry management, global agribusiness, global leadership, global logistics management, global politics, human resources, law, public service and public policy, retail management, Spanish language and culture, sports and media studies, statistics, sustainability, technology, and tourism.

The school's renowned MBA program is offered in four platforms: full-time, part-time, executive, and online. Master's degrees are available in accountancy, business analytics, finance, global logistics, information management, management, real estate development, and taxation. Doctoral degrees are offered in accountancy, agribusiness, economics, finance, information management, management, marketing, and supply chain management.

The W. P. Carey alumni network spans the globe. Our 100,000+ alumni represent highly regarded companies from diverse industries, including manufacturing, technology, retail, banking, accounting, entertainment, and food, as well as entrepreneurial firms and respected nonprofit organizations.

For more information about the W. P. Carey School of Business, please visit wpcarey.asu.edu.

Associate Director of Admission and Recruitment

Jeanne Sims
Assistant Director, Full-time MBA

Erica Fichter
Associate Director of Admission and Recruitment

CLOSE

Joan F. Brett, Associate Dean

ALMA MATER – ARIZONA STATE UNIVERSITY

Music and Words by Ernest Hopkins and Miles Dresskell

CONVOCATION FLOWERS

Today's congratulatory flowers are provided by Graduation Day Flowers and will be available for purchase before and after the Convocation.

PHOTOGRAPHS

A professional photographer will take photographs of all graduates as they receive personal congratulations from Dean Brett.

CANDIDATES FOR COMMISSION

The following cadets and midshipmen of the Reserve Officers Training Corps, Arizona State University, upon completion of the course of instruction prescribed by the Department of the Army, the Department of the Navy, and the Department of the Air Force, are tendered commissions as Second Lieutenants (in the Army, Marines, or Air Force) or Ensigns (in the Navy).

The Army ROTC will have a Commissioning Ceremony on Wednesday, May 10, 2017 at 9:00 a.m. on the Steps of Old Main (weather permitting).

The Naval ROTC Commissioning Ceremony will be held on Wednesday, May 10, 2017 at 4:30 p.m. at NEEB Hall in Room 105.

The Air Force ROTC Commissioning Ceremony will be held on Wednesday, May 10, 2017 at 10:00 a.m. in the Carson Ballroom.

THE ARIZONA STATE UNIVERSITY MACE AND PRESIDENT'S CHAIN OF OFFICE

In Medieval times, a mace was a hand-to-hand combat weapon. In about the year 1400 A.D., a mace evolved from a weapon to a ceremonial instrument used by academicians in rituals such as commencement and inaugurations. The oldest known ceremonial mace was that of the Faculty of Common Law of St. Andrew University in Scotland, used in 1438.

The Mace and Chain of Office are presented only at ceremonies in which faculty members are in full academic regalia, such as the Inauguration of the ASU President, University Commencement, Faculty Assemblies, Regents' and President's Professor Induction Ceremonies and Convocation.

The Mace is carried at the head of the procession and laid in a cradle, thus signifying the formal onset of the ceremony.

ASU's ceremonial mace and chain of office was created in observance of ASU's Centennial in 1985. Handcrafted by ASU Professor of Art, David Pimentel (1943-2004), the mace and chain was created with "austere elegance and traditional southwestern motifs." In keeping with these directions, Professor Pimentel constructed both items out of materials native to Arizona. The ASU Mace is a wood staff, approximately three and a half feet long, weighing eight pounds and made of hollowed and polished Mesquite.

The head of the ASU Mace has four sterling silver blades and is banded with copper, Morenci turquoise, and a silver ring on which the words Arizona State University are embossed. The turquoise inlay was cut and polished by Navajo jeweler Richard Charlie of Mesa. The ASU seal is embossed in silver on the heel of the mace.

The President's Chain of Office includes a silver rope woven from strands of hand-turned links, which holds a medallion six inches in diameter that reverses to reveal the ASU seal in gold on one side and the same in silver and turquoise on the other.

College Marshal Spring 2017 Undergraduate Commencement

College Marshals consist of selected faculty members from each college at all ASU campuses. Selection criteria is left to the individual colleges, but faculty who have recently won awards or have received special recognition are given primary consideration.

Barrett, the Honors College — Michael Ostling is an Honors Faculty Fellow at Barrett, the Honors College. His research on early modern witch-trials explores the intersection of gender studies, history, religious studies, and folklore; he also writes about (and tries to practice) critical pedagogy. Recent work includes the edited volume *Emotions in the History of Witchcraft* (Palgrave, 2016), and a forthcoming book on *Fairies, Demons, and Nature Spirits* (Palgrave 2017). A new project, funded by a Drescher Grant for archival research in Warsaw, attempts to recover the pedagogical theory of the 20th-century Polish dissident Jacek Kuroń; this will lead toward an honors course on the subject.

College of Health Solutions — Dr. Yi Zhou is an Assistant Professor with the Department of Speech and Hearing Science and faculty in Barrett, The Honors College. She has been conducting innovative neuroscience and behavioral research on auditory processing. She passes on this knowledge to undergraduate students in her undergraduate classes. Additionally, Dr. Zhou has proven to be a dedicated mentor having supervised several undergraduate students in her research lab, including Honors students and SOLUR students. These students come from diverse areas from Speech and Hearing Science to Engineering, and she exemplifies interdisciplinary education at ASU.

College of Integrative Sciences and Arts — Eric Nystrom is Assistant Professor of History in the College of Integrative Sciences and Arts. He is a nationally recognized authority on the history of mining in the United States, and is the author of the award-winning study *Seeing Underground: Maps, Models, and Mining Engineering in America* (University of Nevada Press, 2014). His work focuses on the ways that technical information is presented visually to both specialists and the general public through maps and other media. His work spans history of technology and public history, and he is currently studying the ways that the history of mining is presented to the public in American museums.

College of Liberal Arts and Sciences — Pauline Hope Cheong (Ph.D., University of Southern California) is Associate Professor at the Hugh Downs School of Human Communication, ASU. She studies the complex interactions between communication technologies and different cultural communities around the world, including digital media use for religious and voluntary organizing, and collaborations to advance knowledge, education and social justice. Dr. Cheong has published more than 80 articles and books and has received research awards by the National and International Communication Associations. She is the recipient of multiple teaching awards, including the College of Liberal Arts and Sciences Zebulon Pearce Distinguished Teaching Award in the Social Sciences.

College of Nursing and Health Innovation — Dr. Vanessa Nelson Hill is a Clinical Associate Professor in the College of Nursing and Health Innovation and teaches in the RN-BSN program. Her teaching focuses on leadership and community health. Her research interests include health, health literacy, and health equity in racial and ethnic communities. Dr. Nelson Hill is the college coordinator and mentor for the Arizona Action Coalition Diversity Council Program. She is also a recipient of the American Heart and Stroke Association Ambassador of the Year Award, the Unsung Hero Award presented by former Senator Leah Landrum-Taylor, and the Mary Mahoney Nursing Award.

College of Public Service and Community Solutions — Michael D. White is a professor in the School of Criminology and Criminal Justice at Arizona State University. He serves as the Director of the School's Ph.D. program and as the Associate Director of ASU's Center for Violence Prevention and Community Safety. He received his Ph.D. in criminal justice from Temple University in 1999. Prior to entering academia, Dr. White worked as a deputy sheriff in Pennsylvania. Dr. White's primary research interests involve the police, including use of force, training, and misconduct. His recent work has been published in *Justice Quarterly*, *Criminal Justice and Behavior*, *Criminology & Public Policy*, and *Crime & Delinquency*.

Herberger Institute for Design and the Arts — Originally from Argentina, Milagros Zingoni believes that innovation comes from communication between disciplines and collaboration between the community and professionals. Her research includes explorations of the environmental settings that address new ways of learning as a result of changes associated with technology and how these settings provide opportunities to emphasize problem solving skills and collaboration. She is a registered architect in Patagonia, Argentina, and has also studied Habitat Design and Urban and Environmental Planning. Milagros is an Assistant Professor in The Design School, serves on several boards and is in leadership positions within the community and the profession.

Ira A. Fulton School of Engineering — Dr. Paul Westerhoff is a Regents Professor in the School of Sustainable Engineering and the Built Environment ASU and the Vice Dean for Research and Innovation in the Ira A. Fulton Schools of Engineering. He has over 200 journal publications on his research related to fate of nanomaterials in water and developing treatment technologies for drinking water treatment and wastewater reuse. He is the recipient of several awards including the ASU Outstanding Doctoral Mentor for 2015. Currently, he directs a 9-university EPA network on the lifecycle of nanomaterials and Deputy Director of the NSF/ERC on Nanoenabled water treatment technologies.

Mary Lou Fulton Teachers College — Dr. Cory Cooper Hansen is an Associate Professor of Early Childhood Literacy and the former Associate Director of the Division of Teacher Preparation. Under her leadership, the program received the 2015 Distinguished Teacher Preparation Program award given by The Associate for Teacher Educators. Her published books include both scholarly, "Child

Development Through the Eyes of Children’s Authors: Using Picture Books to Understand Theory” and books for children, “Can I Invite a Dragon to My Birthday Party?” Her research paper “Integrating Technology in Early Childhood Literacy Education” received the Outstanding Paper Award from the Society for Information Technology and Teacher Education.

New College of Interdisciplinary Arts and Sciences — Dr. Jessica M. Salerno is an assistant professor of psychology in the School of Social and Behavioral Sciences, at the New College at Arizona State University. She is an internationally recognized expert on psychological courtroom dynamics, specializing on the roles of emotion, evidence, and bias in jury decision making. She has received funding from the National Science Foundation, the American Bar Foundation, and the Society for the Psychological Study of Social Issues for her research, and is the 2017 recipient of the Saleem Sah Early Career Award from the American Psychology-Law Society.

School of Sustainability — Dr. Marco Janssen is a Professor in the School of Sustainability, and the Director of the Center for Behavior, Institutions and the Environment, both at Arizona State University. Dr. Janssen has a PhD in Applied Mathematics (University of Maastricht, the Netherlands, 1996). He studies human-environmental interactions using computational models, games and case study analysis. Current research focuses on the robustness and governance of coupled infrastructure systems, such as water and energy systems in urban areas; and the use of games as effective intervention tools to stimulate self-governance of common resources, such as groundwater in rural India.

Walter Cronkite School of Journalism and Mass Communication — Dr. K. Hazel Kwon is an assistant professor in the Walter Cronkite School of Journalism and Mass Communication with expertise in quantitative social media analysis. Her research interests are audience engagement in social news, online emotional contagion and networked social influence on user collaboration/collective actions. She is the recipient of multiple awards for her research, including the International Communication Association’s Herbert S. Dordick Dissertation Award, National Honor Society in Journalism and Mass Communication’s Kappa Tau Alpha Research Award and the Association for Education in Journalism and Mass Communication’s (AEJMC) Jung-Sook Lee Award. Dr. Kwon also was awarded a 2017 AEJMC Emerging Scholars Grant to conduct research on news proximity and social media framing of terrorism.

W. P. Carey School of Business — Jeffrey Englin is a professor in the Morrison School of Agribusiness in the W. P. Carey School of Business. He received his B.S. in economics from the University of Minnesota and his M.A. and Ph.D. from the University of Washington. His areas of expertise include the economic valuation of natural environments, outdoor recreational activities and forest disturbances. He has worked throughout North America the Middle East and Europe. His current work focuses on long term effects of social change on the valuation of the environment.

Emeritus College — William A. Verdini is professor emeritus at Arizona State University and dean of the Emeritus College. He holds a B.S. in chemical engineering from CWRU, and MBA and DBA degrees from Kent State University. During his 35 years at ASU, he was chairperson of the Supply Chain Management department of the W. P. Carey School of Business, associate dean and interim dean of the College of Extended Education, founding director of the Center for the Advancement of Small Business, founding director of the Bachelor of Interdisciplinary Studies degree, and president of the University Senate. In addition to his teaching at ASU, he has taught at the Hong Kong Polytechnic

HISTORY OF THE ACADEMIC COSTUME

The present-day academic costume seemingly originated at Oxford and Cambridge Universities in the 1300s. As the universities passed from ecclesiastical control, brighter colors distinguished the academic robe from the drab clerical gown. Colonial American universities based their academic regalia on the British system.

In the 1880s, a student movement centering in New England investigated the establishment of a "senior badge," to improve commencement week exercises and revive the traditions of university life. In 1893, an intercollegiate commission established a uniform code for caps, gowns and hoods for the various degrees.

Of the costume's three components, the hood is the most interesting. Originally it had three uses: as a head covering, as a shoulder cape, and as a bag in which alms could be collected. It is mentioned as early as 1480 in clerical literature. When large wigs were in vogue in Britain, the cape part of the hood was split in front and a narrow neckband inserted. The entire cape and hood was allowed to fall back as it is today, and it was never restored to the original style.

Following is a list of the hood and tassel colors established by the Intercollegiate Code to represent departments of learning:

Architecture— Blue-Violet
 Agriculture— Maize
 Arts, Letters, Humanities— White
 Business Administration,
 Commerce,
 Accountancy— Sapphire Blue
 Dentistry— Lilac
 Economics— Copper
 Education— Light Blue
 Engineering— Orange
 Fine Arts— Brown
 Forestry— Russet
 Home Economics— Maroon
 Journalism— Crimson
 Law— Purple
 Library Science— Lemon
 Medicine— Green
 Music— Pink
 Nursing— Apricot
 Oratory (Speech)— Silver Gray
 Pharmacy— Olive Green
 Philosophy— Dark Blue
 Physical Education— Sage Green
 Public Administration, including
 Foreign Service— Peacock Blue
 Public Health— Salmon Pink
 Science— Gold-Yellow
 Social Science— Citron
 Theology or Divinity— Scarlet
 Veterinary Science— Gray

Black tassels are correct for all degrees,
 and colored tassels are worn only by preference.

Gold metallic tassels may be worn by doctors or presidents of universities and colleges.
